### Wants Legislative Inquiry Of All Phases of State Fair

#### Robinson Says Operation 'Thorn In Side of Farmer'

JEFFERSON CITY (MPA) — An investigation of the management, operation and physical properties of the Missouri State Fair was requested today in a resolution introduced in the state House of Representatives.

Rep. F. E. Robinson, Knox County Democrat, who sponsored the resolution, said the present operation of the fair is "a thorn in the side of the average farmer."

### Agreement On Trade Increases

#### Six West European Nations Complete Three-day Session

PARIS (AP)—Top leaders of six West European nations today had agreed on treaties providing for eventual abandonment of trade barriers among them and creation of an atomic pool.

Emerging from the final session of a three-day conference, French Foreign Minister Christian Pineau told newsmen, "There was complete agreement and you will soon have a communiqué to prove it."

Pineau said the treaties would be signed in Rome "as soon as possible" but that no date had been fixed. Once signed, they would have to win final approval from the parliaments of the six nations—France, West Germany, Italy, Belgium, the Netherlands and Luxembourg.

The French minister said experts now would put the pacts into final textual form along the lines agreed on at the current meeting.

Disagreements which threatened the revolutionary plan were overcome in an intensive all-day meeting yesterday of the premiers and foreign ministers.

Belgian Foreign Minister Paul-Henri Spaak, prime mover of the plans for a common market and the "Euratom" agency, stayed up most of the night editing the last day's work.

### Legislative Pay Increase

### Vote on Amendment Is Fifth in a Year

JEFFERSON CITY (AP)—For the fifth time in little over a year, Missouri voters will be asked April 2 to amend their state Constitution.

This time, by fast action of the Legislature and the cooperation of Gov. James T. Blair the voters will decide whether legislative pay should be increased.

Legislators get \$125 a month now, round trip mileage to the capital once a session and \$10 a day expense money each day they answer the first roll call.

The proposal coming up Tuesday, April 2 — the same day as municipal and school elections — would give the lawmakers \$300 a month and round trip mileage once a week. The \$10 a day expenses would be unchanged.

The governor insured a quick vote on the proposed constitutional amendment yesterday by calling the special election a few hours after he had signed a bill making it possible.

He said he would not interfere because it was something referred by the Legislature to the voters for their decision. But he virtually endorsed the plan by calling present legislative pay "outrageously low."

"The legislative branch has fallen far below the executive and judicial branches in pay," he said.

Legislators share governmental responsibility with the members of the executive and judicial branches. They draw \$1,500 a year. The governor as head of the executive branch gets \$25,000. Supreme Court judges are paid \$17,500 plus substantial retirement benefits.

Last November voters overwhelmingly defeated a constitu-

The resolution called for a seven member committee of the House to investigate the fair and report back to the House and the governor within the next 12 months. The committee would be empowered to investigate any matters pertaining to the fair which it "might deem appropriate and necessary."

The expenses for the committee would be paid from the House contingent fund. According to the resolution the investigation would have as its purpose making the fair "a more effective instrument for the development of agriculture in this state, thereby enhancing attendance, number of participants and success of the fair at Sedalia."

Robinson said the proposed investigation has the sanction of the new commissioner of agriculture, John Sam Williamson, and the new secretary of the fair, M. C. Ervin.

The resolution said the inadequate amount of agricultural machinery displayed at the fair is a great disappointment to farmers. It said the interest displayed in agricultural exhibits has "diminished alarmingly and compares unfavorably with that displayed at county fairs."

### Smith-Cotton Game Changed to Thursday

The Smith-Cotton and Mexico basketball game scheduled for Friday night has been changed to Thursday night. The game is to be played at 6:30 p.m. so as to have it over in time for a school social activity, which follows the game.

Due to the George Washington holiday, it was necessary to move the game up a day.

### Is It So?

Is it imagination, or is the sky brighter because the outlook for Sedalians' water bills has become cheerier?

Cloudy tonight and Thursday, not quite so cold tonight, warmer Thursday; low tonight in mid-20s, high Thursday near 40.

The temperature one year ago today, high 47, low 20; two years ago, high 54, low 20, with 45 inch of moisture; and three years ago, high 55, low 34, with 35 inch of moisture.

The temperature at 7 a.m. was 23, 36 at 1 p.m. and 37 at 2 p.m. Low Tuesday night 23.

Stage at Lake of the Ozarks 48.1, down .1.

(Please turn to page 3, column 7)

### Compromise Meeting

TESTIFY ON NATIONAL GUARD—Major Gen. Harold Muldrow, right, commanding general of the 45th Div. Oklahoma, National Guard, and Maj. Gen. John W. Gerard, commanding general of California National Guard, chat while waiting to appear before the House Armed Services Committee on implementation of the Reserve Forces Act. (NEA Telephoto)

### No Mail Delivery On Legal Holiday

Friday, Feb. 22, being a legal holiday, all windows at the post office will be closed. There will be no delivery of mail by either city or rural carriers but special delivery mail will be delivered as usual.

Regular holiday collections will be made from street letter boxes and all outgoing mail dispatched as usual.

### House Group Okays Voting Age of 18

#### GOP Leader Says Change Would Help Both Major Parties

JEFFERSON CITY (AP)—A House committee approved 7-4 today a constitutional amendment proposal to extend the right to vote to 18-year-old Missourians.

The vote came in less than 15 minutes after the Constitutional Amendments Committee had delayed action last night because of light attendance.

During last night's hearing the committee appeared split on whether Missourians younger than 21 should be given the right to vote in state, national and local elections.

William A. Ryan of Springfield, past president of the State Young Republicans Club, called the proposal a "forward step" and said it was not a political move. He said when those in the 18-21 year bracket had the right to vote they crossed party lines as often as not.

He attributed part of the national lackadaisical voting attitude to the "three-year time lag after 18-year-old students are in high school and well informed about politics and become 21 and eligible to vote."

### Is It So?

Is it imagination, or is the sky brighter because the outlook for Sedalians' water bills has become cheerier?

Cloudy tonight and Thursday, not quite so cold tonight, warmer Thursday; low tonight in mid-20s, high Thursday near 40.

### President Will Speak On the Air

#### He Discusses Grave Mid-East Situation With Congressmen

WASHINGTON (AP)—President Eisenhower discussed the grave Middle East situation and the sanctions - on - Israel question with congressional leaders today, and decided to go on the air tonight with a report to the American people.

The White House announced Eisenhower will speak from 9-9:30 p.m., EST. The address will be carried "live" by all major radio networks and by CBS-TV and ABC-TV. NBC-TV will have a kinescope at 10:30 p.m.

A score of congressional leaders, both Democrats and Republicans, talked with Eisenhower, Secretary of State Dulles, and U.N. Ambassador Henry Cabot Lodge Jr.

The lawmakers came away grave and with some apparent differences of views as to just what conclusions could be drawn from the meeting.

One of the Democrats, Sen. Hennings of Missouri, said his impression from hearing Eisenhower was that the administration is prepared to support the United Nations if the U.N. imposes economic sanctions on Israel.

The issue of sanctions has arisen because of Israel's refusal to withdraw its troops from the Gaza Strip and the Gulf of Aqaba area as demanded by the U.N.

But Sen. Knowland of California, the Republican leader, told reporters no decision about possible support of sanctions had been "finalized."

As Secretary Dulles hurried out through a side entrance of the White House, reporters asked him, "Will the United States support sanctions against Israel?"

"I expect there will be something about that later on in the afternoon from the President," Dulles replied.

Ambassador Lodge said he expects Eisenhower to outline in tonight's broadcast a positive course of action for this country.

Lodge said there will be no U.S. request for delay in tomorrow's scheduled meeting of the U.N. General Assembly. He said the United States will be ready for action on the Israeli question at that time.

### Dewey Short Is Assistant Army Secretary

WASHINGTON (AP)—President Eisenhower today named his assistant press secretary and former Rep. Dewey Short of Missouri to top positions in the departments of Defense and the Army.

Short, a Republican who was defeated for re-election last year after 28 years in the House, was nominated to be assistant secretary of the Army for civil-military activities.

Murray Snyder, assistant White House press secretary, was named to be assistant secretary of defense for public affairs.

Both nominations require confirmation by the Senate. Short for many years was the senior Republican on the House Armed Services Committee, and was its chairman when the GOP controlled Congress.

His new position will put him in charge of military public works projects such as those undertaken by the Army Corps of Engineers.

### Clayton Is Speaker For Press Meeting

WARRENSBURG (AP)—Charles Clayton, editor of Quill, monthly magazine of Sigma Delta Chi, will be the principal speaker here Friday night at the annual meeting of the west-central district of the Missouri Press Assn.

Master of ceremonies will be James C. Kirkpatrick, editor of the Windsor Review.

DISCUSS FIRE RESTRICTIONS—Missouri Gov. James T. Blair, Jr., right, discusses with C. Ross Gallop, Director of the Missouri Public Health and Welfare Department, a bill proposing the tightening of fire and safety restrictions on nursing homes in the state as the search continued for bodies in the fire ruins of the Kate Jane Nursing Home at Warrenton, Mo., where 71 persons died February 17. (NEA Telephoto)

### Origin Is Established

### Investigators Reach Dead End In Nursing Home Fire

WARRENTON, Mo. (AP)—Investigators say they have reached a dead end in their search for the cause of the nation's most disastrous nursing home fire.

"We are no closer to an answer than when we started," said Lt. W. L. Hutchings of the Missouri Highway Patrol, who heads the inquiry.

The grim task of removing charred bodies from ruins of the Katie Jane Memorial Home was finished yesterday. It yielded remains of 67 persons.

Officials listed 72 patients dead or missing in the swift Sunday fire. One explanation for the bodies still unaccounted for was that they might have been consumed by the flames, so hot that nickels in a coin-operated machine in the home had been partially melted and fused together.

Systematic effort to identify the victims continued today. Authorities said 17 bodies have been identified.

Although the cause of the fire remained a mystery, its origin was established through interviews with survivors as "in or near" a first-floor linen closet, the patrol said.

The closet was beneath a stairway, in the annex wing toward the rear of the 65-year-old structure which housed 155 patients and a number of visitors at the time of the fire.

The unenclosed stairway probably served as a flue, fanning the flames and hot gases into the upper floor, Patrol Capt. C. R. Oliver said.

Coroner F. H. Knigge of Warren County indicated none of the bodies would be released to relatives until a coroner's jury had viewed the remains.

A mass funeral will be held for any of the victims whose remains are unidentifiable and for any victims whose bodies are unclaimed, authorities announced. No time has been set for the services.

A description of each body was carefully noted down before the body was removed to a temporary morgue. Distraught relatives were permitted to look at the data sheets.

It would void any local ordinances providing for daylight time and the only way standard time could be changed would be by a statewide referendum vote.

The House Committee on Public Safety last night approved a bill that would outlaw daylight saving time throughout the state—including St. Louis area where daylight time has been used for several years.

The House Committee on Pensions unanimously approved bills to put all Missouri state employees under a retirement plan if they are not now under such a plan, and place all teachers in penal institutions under the state teachers' retirement system.

The committee on Child Welfare approved a bill that would raise the compulsory school attendance age from 14 to 16.

### City Purchase Of Water Co. Voted by 6-1

### \$2.7 Million Bond Is Passed By 4,167-620 Tally Tuesday In Special Utility Election

By a margin of more than 6-to-1, Sedalians turned out Tuesday to vote in a special election their approval of a \$2,700,000 bond issue for the city's purchase of the Sedalia Water Co.

The total vote was 4,167 for the bond issue and 620 against. A four-sevenths vote was necessary for passage, as dictated by the law regarding bond issues for utilities. In this case, that would have been 2,735 votes. The actual vote exceeded that by 1,432 votes.

The ballots had all been counted, turned in and recorded by the city clerk by 7:45, just 45 minutes after the polls closed. After the first few precincts reported, there was never any doubt about the trend. Not a single precinct failed to pass the bond issue by at least a majority of 3-to-1, and in one precinct, the fourth precinct of the first ward, the majority was 13-to-1.

Although the turnout was light compared to the second election on the Urban Plan, which surpassed even the national election total, Tuesday's vote was slightly larger than for the school bond election in February, 1956. Tuesday's total was 4,787, while the total on the school bond election was 4,645.

The last bond issue passed by Sedalia was the \$300,000 issue approved in July, 1955, for expansion and improvement of Bothwell Hospital. To this amount is being added an equal amount in state and federal funds.

Nevada citizens voted overwhelmingly in favor of a \$650,000 issue for a new junior and senior high school to replace the building which burned Nov. 29. The vote was 2,982 to 433.

They also voted 2,700 to 564 for a four-year levy of \$1.90 per \$100 valuation to finance school operations.

Another big school bond proposal of \$680,000 was approved 2,008 to 740 at Carthage. The money will build a new junior high and enlarge and improve other buildings.

At Neosho a \$360,000 issue carried 992 to 327 for an addition to the high school. The federal government will add \$216,000 to the fund.

Sedalians voted 4,167 to 620 in favor of \$2,700,000 in bonds to buy the Sedalia Water Co. from private ownership.

At Joplin three bond issues totaling 3 1/2 million dollars were defeated. They included a 1 1/2 million school proposal which took its second defeat in an unusually heavy turnout. The school vote was 5,079 for to 3,163 against, lacking the needed two-third majority. Sewer construction and street improvement proposals did not even get simple majorities.

In Mexico the citizens turned thumbs down on a two million dollar highway and street project by voting 1,487 to 1,304 against a \$275,000 bond proposal. Federal and state funds would have supplemented local money.

School District No. 2 in western Audrain County rejected a \$546,000 issue for a new high and elementary building by a vote of 591 to 250.

In Jasper County School District C-46 lacked 13 votes of giving two-thirds majority to a \$70,000 issue. The vote of 259-149 in favor was the second defeat for the proposal in a year.

Webb City defeated a \$365,000 school bond issue 838 to 518. A new junior high and enlargement of three elementary buildings were proposed.

More Wintry Weather Seen For Missouri

KANSAS CITY (AP)—Wintry weather is back in Missouri. Temperatures dropped under the freezing mark during the night and the Weather Bureau sees readings of five to eight degrees below normal for the rest of the week.

Occasional light rain or drizzle is forecast for the west and extreme north tonight and Thursday. There may be some freezing precipitation in the extreme north during the night.

Lows tonight are expected to hit the lower 20s in the extreme north to the lower 30s in the south, with highs Thursday in the upper 30s north to the 40s south.

Temperatures during the night ranged from 30 at Joplin to 16 at Kirksville.

Temperatures during the night ranged from 30 at Joplin to 16 at Kirksville.

Temperatures during the night ranged from 30 at Joplin to 16 at Kirksville.

Temperatures during the night ranged from 30 at Joplin to 16 at Kirksville.

### Mental Wizard Meets His Match

CROSSED WITH DOLLAR SIGNS—College instructor Charles Van Doren, who has amassed a total of 143,000 in television prize winnings, crosses his fingers after being tied in a question duel by Mrs. Vivienne Nearing, a New York City attorney, shown with him following their appearance on a national television program in New York. They will play off their tie, with \$1000 riding on each point separating their final scores. (NEA Telephoto)

## Overwhelming Response

## Never Mind, They Have Lots Of Bagle Beagles for Movie

By JAMES BACON  
HOLLYWOOD — Columbia Pictures wants the dogs called off—especially the bagle beagles.

Director George Sidney told this reporter the other day of his problem in finding a dog with a kosher appetite. He needs one for the upcoming movie "Pal Joey." The script requires that Frank Sinatra's pet dog eat the same kosher diet he does, including lox, bagels, cheese blintzes and all the other delicatessen delicacies.

Sidney's plight made an Associated Press item Monday.

When Sidney reported for work yesterday, all his phone lines were tied up, telegrams were stacked

in bundles of 100 and his waiting room was filled with barking dogs. He left town today. Sinatra's office, already up to its hind legs with Rex Harrison slappings and Marilyn Monroe raids, got the same response. Sinatra left for Palm Springs. Sidney said that many of his phone calls from all parts of Canada and the United States came collect.

One Columbia executive reported that the item practically disrupted the whole studio operation for 24 hours.

"Important business calls and messages just couldn't get through," he said.

All the telegrams and letters boast of dogs with kosher appetites but many have other talents.

P. Stephen Hellbroner, New York City, said his French poodle will yodel in Yiddish.

Mrs. Morris Jacobs Baltimore, has a dog that can open pistachio nuts.

Ann and Frank Polito, Gary, Ind., "have black cocker spaniel will eat anything except Sinatra. Likes beer too."

Florence Levy, Brooklyn: "My dog will sing 'Happy Birthday' on request."

Columbia said it plans an audition for Eastern dogs at Lindy's Restaurant in New York City at a date to be announced later.

## Group Closes Bars

JALAPA, Mex. (AP)—An aroused mob of Roman Catholics closed bars and houses of prostitution in the village of Banderilla after threatening to dynamite the places and lynch their operators. Banderilla, near the Gulf of Mexico city in Veracruz State, was reported back to normal today after the riots.

Officials said the crowd was headed by the village mayor, who had been unable to get Jalapa officials to close the establishments.

## Traffic Toll Shows Rise In February

As far as springtime in the traffic world goes, the ground hog has returned to his underground shelter and we are practically assured traffic accidents will continue at a record pace, that at least one more month of dreary driving days is in the offing for Missouri.

A slight reduction in the number of traffic deaths in January gave a ray of hope that the rising trend in traffic accidents had finally leveled off, but the din of car collisions this month has been enough to shatter the nerves of any predictor. January started the year well. The 73 recorded deaths was the first decrease since October. It was seven fatalities below the 80 recorded in January of last year on the streets and highways of Missouri. This month it may be another story.

According to Col. Hugh H. Waggoner, superintendent of the Missouri Highway Patrol, February has sent the mercury of traffic deaths climbing. The total for the new year now stands at nearly 100, which is about the same as for the corresponding period last year.

"And last year," the patrol head said, "Missouri drivers set an all-time record high in the number of highway fatalities. Just when it seems people have decided to stop killing and maiming each other on the roads there is a sudden and furious outbreak of accidents."

"The blame for highway tragedies rests squarely on the shoulders of the drivers involved. The time has come when drivers must accept their responsibility and use common sense and good judgement when behind the wheels of their cars or give up their privilege of using the streets and highways."

## Heiress Is Sought

SANTA ANA, Calif. (AP)—A woman last heard from 20 years ago is sought as an heiress to more than \$100,000.

Mrs. Marjorie Mize Spencer, attorney handling probate of the estate of Loris Adrian McCain, said the woman sought is a cousin who would inherit one-eighth of the estate, valued between \$850,000 and a million dollars.

She was known as Roseman Story, was about 33 and lived in Paducah, Ky., when last heard from in 1937. She is believed to have gone to Wisconsin.

## Delegation Is Silent

AMSTERDAM (AP)—The Polish economic delegation en route to seek aid from the United States is having nothing to say for publication. Delegation head Henry Kotelicki, who arrived from Warsaw by plane yesterday, even refused to say when his group would resume their trip.

MISSILE OVER THE MEDITERRANEAN—A supersonic "Terrier" guided missile rockets aloft from the U.S. cruiser Boston, marking the first time such a weapon has been fired over the Mediterranean. This action was part of the Sixth Fleet's "Green Epoch" maneuvers, the greatest display of naval might seen in the area since World War II.

## Icy Air Spreads Over Wide Areas of Nation

By THE ASSOCIATED PRESS

The brief spell of mild winter weather appeared ended in most of the nation today as icy air fanned out across wide areas.

Sections of Florida and the Far Southwest were the only fairly warm spots in the outbreak of frigid blasts which moved out of western Canada a few days ago.

The arctic air spread eastward yesterday over the Ohio Valley and the Middle Atlantic Coast states. Temperatures were from 20 to 30 degrees lower than yesterday in parts of Kentucky and Ohio and most of West Virginia.

The South also got nippy weather, with lower readings reported from southern New England to the Gulf Coast region through Alabama and Georgia. It was near freezing in Atlanta.

## Special Entry

MONTREAL (AP)—Kateri Memorial Hospital on the Caughnawaga Indian reserve near here had its first New Year's baby in 50 years of operation. The baby girl was born to Mrs. John Charles of the Mohawk tribe at 12:24 a.m., Jan. 1.

## Order to Wrong Person

SYDNEY, Australia (AP)—Mrs. Gwendolyn Kelly, 37, got a divorce today after telling the court

she returned to her apartment two days early from a vacation and a woman in bed with her husband ordered bacon and eggs. The woman Mrs. Kelly said, had mistaken her for the maid.

## Dynamite Blast Doesn't Hinder Jazz Concert

KNOXVILLE, Tenn. (AP)—A dynamite explosion outside scarcely caused Louis (Satchmo) Armstrong and his Negro-white band to miss a beat last night in a jazz concert before a segregated audience.

"That's all right, folks," the gravel-throated Negro trumpeter quipped, as the sound of the blast echoed through the administration building at the city's Chilhowee Park. "It's just the phone."

Nobody got excited, only a few persons got up to see what happened, and the show went on. There were no injuries and scarcely any damage.

The blast, which police said apparently was caused by no more than a single stick of dynamite tossed from a passing car, ripped a four-foot hole in mud about 200 yards east of the building.

About 2,000 whites and 1,000 Negroes were in the building. Armstrong and his combo had returned from an intermission. He said the incident here,

which he obviously wasn't taking very seriously, would not affect his current tour. The group will play tonight in Columbia, S. C., as scheduled, he said.

"Man, the horn don't know anything about it," he said. "I'll play anywhere they'll listen." There were three Negro and two white musicians in the band.

## Shower Honors Mrs. E. Seifert

A pink and blue shower was given Sunday afternoon for Mrs. Edward Seifert by Mrs. Russell Vinson, Mrs. William Caton, Smith-ton, and Miss Mary Lucille Seifert at the home of Miss Seifert in Otterville.

Games were played with prizes going to Mrs. Sam Henderson, Helen Caton and Delores Pabst.

Refreshments were served to Miss Seifert, Mrs. Harold Rugen, Lucille and Janette Rugen, Mrs. Emil Pabst, Mrs. Oliver Bridges, Marva Bridges, Mrs. Marie Lorenz, Mrs. Ollie Pabst, Delores Pabst, Clifton City, Mrs. W. H. Rugen, Sedalia, Mrs. Maggie Hal-lahan, Mrs. Sam Henderson, Smith-ton, Mrs. Jesse Romig, Mrs. Ernest Woolery, Mrs. Wherley Cline, Mrs. Sylvester Seifert, Mrs. Jack Wittman, Mrs. Leo Rehmer, Mrs. Durward Goode, Mrs. Raymond Kuykendall, Mrs. Aubrey Bixler, Tipton, Mrs. Anton Beck and Mrs. Walter Doydy.

Unable to attend but sending gifts were Mrs. Gus Marcum, Mrs. Arthur Edwards, Mrs. Floyd Cave, Mrs. John Pabst, Mrs. C. J. Reuter, Mrs. Simon Young, Mrs. Frank Ecklerle, Merlene and Bernadette Ecklerle, Mrs. S. M. Dowdy, Mrs. George Romig, Mrs. Kenneth Romig and Mrs. Mary Cramer.

The honoree received many nice gifts.

## OES Has Party In Honor Of Doctor Campbell

Dr. A. J. Campbell was honored at the Masonic Temple Tuesday evening, Feb. 12, at a dinner and meeting of Sedalia Chapter No. 57, Order of the Eastern Star, in recognition of his 25th anniversary as Past Grand Patron of the Grand Chapter, Order of the Eastern Star of Missouri.

The contributive dinner in the dining room was served to approximately 100 members. The long tables were centered with huge bouquets of red and white carnations, the favors of silver were fashioned in the shape of a Valentine heart, with a miniature picture of Dr. Campbell attached. Mrs. Ruth Seifert who was Worthy Matron of Sedalia Chapter 57 during the year Dr. Campbell served as the Worthy Grand Patron, was the mistress of ceremonies. Events of that year were given by Mrs. Seifert, Mrs. Lila Sammons and Victor Gill. The dinner closed by all joining hands and singing the OES song of the year 25 years ago, the words specially written were sung to the melody of "Blest Be the Tie That Binds."

The regular meeting of the chapter was held in the blue room of the Temple immediately following the dinner and was presided over by Mrs. Margaret Morgan, Worthy Matron, and Charles McNealy, Worthy Patron. The East was decorated with a large silver heart centered with red roses against a back drop of dark green satin. Following the introduction of Dr. Campbell the Past Matrons and Past Patrons paid tribute to him in a ceremony and Mrs. Lavinna Coontz, president of the Past Matrons and Past Patrons club presented him with a vase of red roses.

Also present Tuesday evening to honor Dr. Campbell were several members who served the Grand Chapter of Missouri 25 years ago, they were: Miss Kathryn Spangler who was Worthy Grand Matron; Mrs. Katie Jones, Grand Electa, and Miss Mary Jane Truman, Grand Esther. Each spoke on happenings of 1932-33, some humorous and some serious.

Distinguished guests introduced during the evening were: John Owen, Worthy Grand Patron of the Grand Chapter of Missouri; Miss Kathryn Spangler, Past Grand Matron; Miss Mary Jane Truman, Past Grand Matron; Mrs. Viola Coffman, Past Grand Matron; Mrs. Anna Thompson, Grand Chaplain; Mrs. Ann Giles, Grand Representative to Rhode Island; Mrs. Lela Owen, Grand Representative to Iowa; Mrs. Lucille White, Grand Representative to Colorado; Mrs. Helen Turner, District Deputy Grand Matron of the 36th District. Also introduced were Dr. Campbell's wife, Mrs. A. J. Campbell, and his sister, Mrs. Uel Shobe.

The honored guest expressed gratitude for the many friendships gained thru the years and his deep appreciation for the honors bestowed upon him that evening.

## Has Valentine Party

Mrs. Earl Brooker entertained the members of the Junior Choir of Pilot Grove Methodist Church with a Valentine party at her home in Pilot Grove Wednesday afternoon, Feb. 13 from 3:30 until 4:30.

The Valentine motif was carried out in decorations and refreshments. A Valentine tree centered the serving table.

Guests were: Frankie Joe Rybak, Billy Rybak, Diane Green, Mary Newell, Jimmy Newell, Joan Parkhurst, Margaret Parkhurst, Norman Newell, Pamela Brooker, Edna Newell, Sue Horn, Ed Horn, Edward Horn, Paul Horn, Billy E. Rackley, Marilyn Rackley, Connie Huggins, Terry Huggins, Terry Brooker, Mrs. Robert Painter, Bobby and Pamela, Mrs. J. H. Coleman, leader, and Mrs. E. R. Pfeiffer, pianist.

SATURDAY

Osage Chapter DAR meets for dessert luncheon at 1:30 p.m. at Bothwell Hotel. Reservations to be in by Friday, call 1721.

## Local YWA's Observe 50th Anniversary

The Young Woman's Auxiliary, a Southern Baptist missionary organization for single girls between the ages of 16 and 25, are celebrating their fiftieth anniversary this year. There are Young Woman's Auxiliaries in the United States, and 19 countries outside the U.S. Their main objective is missions; study, prayer, activity and giving to missions.

In keeping with the anniversary celebration, the YWA girls of the First Baptist Church held a contributive dinner meeting at the church on Feb. 15. All former YWA members and their mothers were invited, as well as all women in missionary work of the church, and all present members of YWA.

The tables were decorated with old-fashioned checked table cloths, and on each table were lighted coal-oil lamps, which furnished the light for the evening. Also, there was a display of articles of fifty years ago, along with old records of previous meetings.

After repeating the YWA watchword and ideals, and the invocation, led by Dr. T. W. Croxton, everyone enjoyed the meal. The program began with a song session of old time tunes, led by Mrs. Sally Fisher, accompanied by Mrs. Lola Arbogast, and a special duet "Bicycle Built for Two", by Doris Rae Sigman and Bonnie Schrader.

Guests were introduced, and a skit "A Vision of Two Days", was given by Mrs. Croxton (the lady of long ago), and Miss Elaine Bail, (the lady of today). Mrs. Judy Thomas was the main speaker of the evening, giving a talk on the "Fundamentals of YWA". After the closing remarks and the singing of the YWA hymn, Mrs. George Dryden gave the benediction.

Miss Anne Sagar, anniversary

## Past Presidents Are Honored at PTA Meet

Horace Mann PTA met Friday afternoon with Mrs. Donald True-man presiding. The 40th year of Horace Mann PTA was observed and all past presidents were honored. Mrs. Phil Burford, Mrs. F. T. Rucker and Mrs. Sam Knapp, the only past presidents in attendance, were presented corsages.

Mrs. David Routsong gave the devotional "For Every Child". The nominating committee is composed of Mrs. William Faulkner, Mrs. Ira White and Mrs. Rita Kenney. It was announced that the World Day of Prayer would be held on March 8. Mrs. Abe Silverman announced a meeting on the water bond issue.

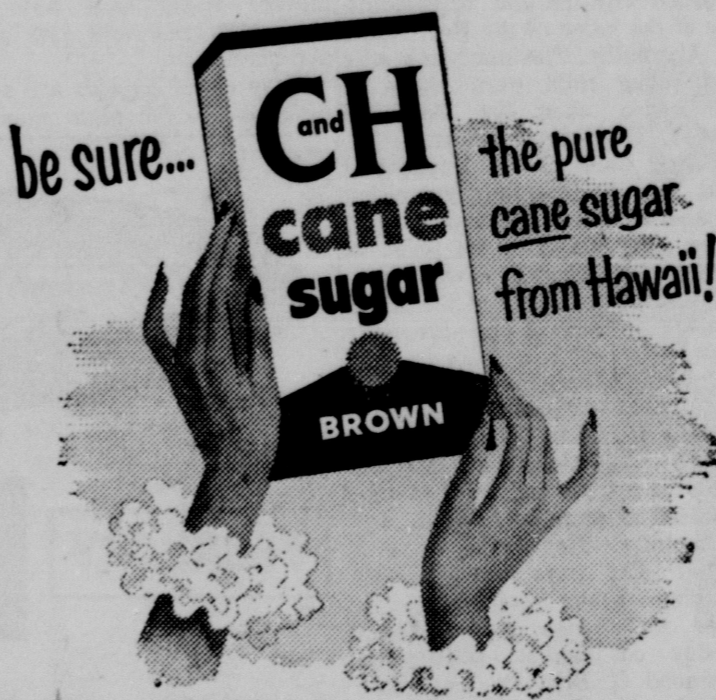

chairman, was in charge of the entire program, and was ably assisted by Mrs. O. A. Potter, Counselor. All the YWA members were present for this celebration.

The program "Hearts Full of Loveland" was presented by the third grade. The room count award went to Mrs. Betty Williams and Mrs. Grace Edmundson's rooms. A tea was held in the cafeteria with Mrs. Robert Cain and Mrs. Faulkner in charge. An arrangement of blue and yellow flowers centered the table. Individual cakes were decorated in the same colors.

## Large Attendance

Thirty-three members of the Friendship Class of Wesley Methodist Church met at the church Thursday afternoon.

The president read an article on prayer and Mrs. Brookie Huffine gave the meditation. The program was presented by Mrs. M. C. Neill. Refreshments were served by Mrs. C. Harrison's committee.

Stubborn spots that resist normal mopping will yield to a diluted solution of commercial floor cleaner. Floor should be scrubbed and thoroughly rinsed before waxing.

#### Clean Floor Before Waxing

#### To Guarantee Effective Waxed Finish, Rinse Off Soap Film

By Kay Sherwood  
NEA Staff Writer

When snow and slush break track records across the kitchen floor most homemakers look for ways to cut the time and effort involved in keeping the floor presentable. In letters I receive from other homemakers complaints multiply about floors that look scuffed, spotted, streaked or discolored even though they get regular care.

There's a tendency for us to blame the products used. Washing and waxing compounds do vary, but before we lay all the blame on them, it's well to investigate our own methods.

Recently I had an enlightening lesson in floor care from Mrs. Lucile Bush, Johnson's consumer education director, and her technical service associates. It has resulted in some changes in my own methods — with visible improvement.

These experts say that one of the

most important prerequisites for an effective wax finish is proper rinsing of the scrubbed floor. Regardless of the detergent or cleaner used, rinse the residue away completely with clear water before you apply wax.

Failure to flush away the residue can weaken the water-resistance of self-polishing waxes. Or it can cause the wax surface to remain tacky or streaked and unevenly polished.

A common fault is applying too much wax too frequently and failing to remove the build-up of coats of wax periodically. Multiple coats of wax have a yellowing effect on the floor, the experts explained. And in this over-age film there is usually dirt trapped, which adds to the discoloration.

To remove a build-up probably will require a scrubbing with commercial floor cleaner diluted according to directions on the can. For high-resin self-polishing waxes, you may want to add a quarter of a cup of ammonia to the solution for greater efficiency.

When you re-wax, apply a thin film and go particularly easy in the non-traffic areas near the baseboards.

Another important factor in preserving the good appearance of the floor is daily use of a dry dust mop, broom or vacuum cleaner to remove loose surface dirt. It is usually gritty and tends to abrade the wax film.

Spots that don't respond to normal scrubbing are a familiar find in my household. Before waxing, scrub the stain or spot with a small amount of commercial floor cleaner diluted in water. Deposits of food, gum, tar or the like should first be scraped with a dull knife to remove the excess, then treated with scouring powder, steel wool or dry cleaning fluid (depending on the stain and the type of flooring).

The experts advise not to use dry cleaning fluid on asphalt or rubber tile. Chlorine bleaches are not usually recommended for use on resilient flooring, especially older surfaces which may have become porous and could be affected by loss of color.

The success of removing spots and "touching up" a damp mopped floor to avoid an overall cleaning and waxing job depends in part on the kind of wax you're using. Some of the new liquid self-polishing waxes don't have the hard gloss finish of a high-resin self-polishing wax and can be used more easily for touchups, I was told.

A rag dampened with one of the new waxes can be rubbed briskly over an area to remove a water-soluble spot and leave the area waxed. Such a wax finish can be buffed to restore the shine and postpone a complete treatment.

## 2 Alabamans Charged In Dynamiting

MONTGOMERY, ALA. (AP)—Two white men, one of whom city detectives say was photographed wearing Ku Klux Klan regalia, were free under bond today on charges of dynamiting the home of a Negro integration leader.

James D. York and Henry Alexander surrendered to Sheriff M. S. Butler yesterday after the grand jury had indicted them in the bombing.

Detectives Jack Shows and T. J. Ward said York, a road scraper operator for the city, was in a picture of a group of unmasked men in Klan robes and hoods walking on city streets shortly before a KKK rally in November.

York and Alexander are charged with the Jan. 10 dynamiting of the home of the Rev. Ralph D. Abernathy. The minister's wife and young child were asleep in the house when the blast occurred. They were unhurt.

Police Chief G. J. Ruppenthal said Feb. 10 that the dynamiting of Abernathy's home and at least three other blasts of the seven in Montgomery recently "were perpetrated by members of the Montgomery branch of the Ku Klux Klan."

Under Alabama law dynamiting an inhabited dwelling is punishable by death. York and Alexander, free on bonds of \$12,500 and \$12,800, were expected to come up for trial May 27 or later.

They also were charged with bombing public buildings. Two other white men were arrested Sunday on similar indictments. Raymond C. Britt Jr. and Sonny Kyle Livingston Jr. are scheduled for trial Feb. 28 on charges of bombing two Negro churches and a Negro taxicab stand.

The police chief said "statements of some of the accused themselves" supported his charge concerning the Klan. Neither York or his attorney would comment on the picture.

Police Commissioner Clyde Sellers said Shows provided the break in the cases. He spotted some people he recognized in a car at the scene of a bombing Jan. 27 and several hours later arrested Alexander.

Alexander, who works for his father's plumbing company, was also indicted in one of six ambushes with gunfire of a racially integrated city bus. No one was hurt in that attack but in another a young Negro woman was hit in both legs by a .22-caliber bullet. No serious injuries were reported in the bombings.

#### Plane Crashes in Bay

RIO DE JANEIRO (AP)—A twin-engine plane overshot Rio's Santos Dumont Airport yesterday and plunged into the bay. Firemen rescued the seven passengers and crew of six before the plane sank. None were injured.

#### Continue Visits

VANCOUVER, B. C. (AP)—Visits by British Columbia students to the sessions of the legislature will be continued, although a school board member said "The children last session heard a great deal of acrimony and saw unparliamentary conduct on both sides of the house."

**PIN-WORMS**  
MAY BE  
A FAMILY AFFAIR  
Fidgeting, nose-picking and a tormenting rectal itch are often tell-tale signs of Pin-Worms... ugly parasites that medical experts say infect one out of every three persons examined. Entire families may be victims and not know it. To get rid of Pin-Worms, these pests must not only be killed, but killed in the large intestine where they live and multiply. That's exactly what Jayne's P.W. tablets do... and here's how they do it: First—a scientific coating carries the tablets into the bowels before they dissolve. Then—Jayne's modern, medically-approved ingredient goes right to work—kills Pin-Worms quickly and easily. Don't take chances with this dangerous, highly contagious condition. At the first sign of Pin-Worms, ask your druggist for genuine Jayne's P.W. Vermifuge... the small, easy-to-take tablets perfected by famous Dr. D. Jayne & Son, specialists in worm remedies for over 100 years.

## Grain Sorghum Report Is Given At Conference

E. H. Boltz, Ionia, reported at the recent Soils and Crops Conference on comparative yields on grain sorghums. He had five different plots including three frontier hybrids.

Yields were taken by weighing heads so about 25 per cent ought to be taken off the comparative yields given below to allow for the stalk in the head. Colored pictures were shown of the different varieties at harvest time.

Highest yielding was a late variety called Redlan which made 6600 pounds. Next was Frontier No. 400 with 6,000 pounds, Frontier No. 390 made 5600 pounds and No. 410 made 4,800 pounds. Lowest was the Martin variety which yielded 3000 pounds per acre.

Net weights (with the stalk removed) would have been 4950, 4500, 4200, 3600 and 2250 pounds per acre.

Many of the hybrids are not yet developed to the place where the

## Uses Ammonium Nitrate, Gets Nice Bluegrass Increase

The use of 120 pounds of ammonium nitrate last spring brought a nice increase in bluegrass growth for Carl Raines of Heath Creek Township.

Carl, in reporting at the Soils and Crops Conference, said the large pasture was terraced and

laid out of crop land 15 years ago. Since that time it had gone back almost completely to bluegrass. Raines applied the nitrate in early spring. It was spread on the contour and only part of the field was treated. A spot was fenced off on each area and growth was checked through the first week in June.

**Trailer Troubles**  
COVINGTON, Ky. (AP)—Marion Dixon shook his head in wonderment when the top of his trailer truck was sheared off as he drove beneath an overpass.

He had driven beneath it in the past without trouble. What was wrong?

Then he realized the trailer was lightly loaded and riding higher on its springs than it usually did. On previous trips the load was heavy enough to permit the trailer to pass without scraping.

Famed Italian tenor Enrico Caruso began his studies as a mechanical engineer became a singer instead in a choir in Naples.

## Rural Fire Association Had Election

By Mrs. T. W. Miller  
TIPTON—The board of directors of the Tipton Rural Fire Association recently met and organized as follows: president, H. E. Haldiman; vice-president, George Thiel Jr. Other members of the board are A. N. Springer, Archie Morlock, Leo Knipp, Ed Kasper and Ernest Homan. The board named Walker Schmidt, treasurer, and John Dueber, secretary.

The Tipton Lions Club has done another good deed. The club will furnish the lighting at the new public school playground at an approximate cost of \$2,600. Lions are holding a dance on Feb. 23 to start raising funds for this project.

Mr. and Mrs. William Veulemans have as their guest, Mrs. Margaret Hite, of Gresham, Ore. Mrs. Hite arrived Saturday from Chicago, Ill., where she had been visiting her daughter, Mr. and Mrs. Ollie Olson.

Rev. and Mrs. L. F. Ryan and daughter, Mrs. Don Pettigrew and daughters of Phoenix, Ariz., recently spent two weeks in Missouri. Visiting one week in the home of their daughter, Mr. and Mrs. Fred Koehner and family in Tipton and spending one week in St. Louis with Mr. and Mrs. John Schrier and daughters. Mrs. Pettigrew and daughters left St. Louis for New York, from where they will go to Germany to join their husband and father, who is in the Air Force. Rev. and Mrs. Ryan have two sons in service. Glen is in the Navy in the state of Washington, and Charlie is in the Army, stationed in Germany.

Mrs. Leo Miller returned home Tuesday from a three-week stay in Farmington, Mich., in the home of her daughter, Mrs. Tom Colantonio and family. Mrs. Colantonio entered Mt. Carmel Hospital on Jan. 25 and on the following day underwent minor surgery, from which she is recovering nicely.

Mr. and Mrs. Ed Eberle have returned to their Clarksburg home following a four-month visit in Texas. They spent the holidays in Phoenix, Ariz., with their daughter, Mr. and Mrs. Vernon Scott and Linda Ray.

Clabe Kyle has sold his 160-acre farm five miles northwest of Tipton to Andy Bestgen and with his sister, Mrs. Grace K. Rogers, will locate in the state of California following a public sale to be held at the farm next Saturday, Feb. 23. Mr. Kyle wants to get back in the cattle business. He and his sister are both originally from Texas. Mrs. Rogers fell this winter fracturing a shoulder. Before joining her brother on his farm here she had been hostess at the San Marcus, Tex., air base.

Mrs. Gertrude Bestgen is building a new home in south Tipton on land purchased from J. L. Thomas. Mrs. Bestgen sold 20 feet off the north side of her lot to Mr. and Mrs. W. L. Green whose property adjoins.

Dennis R. Grosse, York, Neb., with the assistance of a local stock farmer, Roscoe Collier, sold 60 head of Wisconsin dairy cattle at the J. L. Thomas Community Sale Barn Wednesday night.

## Marshall Cows Top Production Mark Of 100,000 Pounds

The Holstein-Friesian Association of America has announced that the following registered Holstein cows are among those in Missouri that have completed official records that bring their lifetime production totals to more than 100,000 pounds of milk.

The cows owned by the Missouri State School of Marshall and their records are: Marshallmo Patriot Bess 2993050 (VG), 105,816 pounds of milk and 3,825 pounds of butterfat in 2,344 days on official test; Marshallmo Heilo Stella 2993047, 100,657 pounds of milk and 3,591 pounds of butterfat in 2,444 days on official test.

Lafayette was born 200 years ago. His birthplace, the Chateau de Chavignac in the Auvergne section of France, still attracts many American tourists.

## WATCH THE CHILD WHO HAS BAD FALLS

By Dr. J. J. Rodewald

Negligence in checking children following severe falls is the cause of more children's disorders than any other thing. Winter time finds children meeting with minor accidents quite frequently.

Numerous case histories of patients show a high percentage who trace the onset of their illness to a fall, many as far back as childhood. If you think back yourself, you may find that if you are now suffering with some bodily ailment, you can trace the beginning of that trouble to the time of a fall or several weeks or months after that.

Keep your spine free from nerve interference and you will enjoy good health. But most important of all, at this time of the year, see that your children receive immediate attention immediately following a severe fall or when symptoms appear after even a slight fall. Phone 392 TODAY.

## Survey Shows Farm Boys Most Likely to Follow Dad's Path

By Eugene Gilbert

About one out of six boys intends to make a career of following in his Dad's footsteps.

Questioning college students on major campuses about this, we found with some surprise, that the "like father, like son" tradition was most deeply rooted in agriculture. This didn't quite jibe with all the talk you hear about farm boys yearning for the big city.

Engineering, teaching, the armed services, the church, law, manufacturing and medicine also commanded sizable percentages of filial loyalty.

While 16 per cent of all students said they planned to enter the paternal business or profession — ranging through 52 occupations from accounting to veterinary medicine — a whopping 53 per cent of farmers' sons declared themselves for life on the soil.

"There's something about working on the land that is completely fulfilling," said a Colorado agricultural student. And another farmer's son from Washington State: "No matter what happens to business in general, people still have to eat."

The majority of farm boys who intend to stick with agriculture regard this decision as something in the nature of a family obligation. Those who want to strike out on different paths contend that financial returns are too small for the tough work involved in running a farm.

Teaching is another vocation where the paternal example exerts a powerful influence. A total of 28 per cent of teachers' sons expect to teach, too.

"It certainly will give me an opportunity to keep right on learning," an Alabama youth commented, "and that's what I want."

A UCLA student commented: "Kids are fun. I want to be around them. It helps you to stay young." "You should never get bored," a Texas Christian University student said. "The paid vacations are a fine time to travel and get a change of job for a short time."

Arguments from the majority of teachers' sons who found their fathers' profession unattractive centered on salary. "You get crummy pay for knocking yourself out," an Alabama lad said. "I'd like to teach, but the advantages certainly aren't worth making it a career." And a Californian snorted, "I've got too much ambition to bury myself in a classroom all my life."

Twenty-eight per cent of engineers' sons questioned felt inclined to follow Dad's lead. The profession, explained a University of Syracuse student, "is the ideal career

because it offers a real challenge to do good."

A Columbus, Ohio, lad thought it's a "terrific field for anyone who wants to create," while a Washington State junior felt engineering "is as secure as anything these days."

In the 72 per cent who had other plans was a University of Virginia youth who contended that "in this business you have to work for somebody else and I want my own business." The difficulty of the subject and the lengthy preparation required were additional factors in turning engineers' sons from their fathers' career.

In other occupations, 23 per cent of sons whose fathers toiled in communications media such as publishing, editorial work, journalism, broadcasting and public relations, thought they'd do the same. Twenty-two per cent each among clergymen's and military men's sons planned similar careers. In law, the percentage was 20; advertising, 19; manufacturing, 17; medicine and insurance, 15 each; sales, merchandising, and textiles 13, and government service and real estate 8 per cent each.

By contrast, such occupations as librarian, musician, personnel and supervisory executives and investment drew a blank among the students surveyed.

The pros and cons as noted by ministers' sons:

"I don't want to live in a gold-fish bowl," an Alabamian said. "I'd like to be able to smoke and take a drink every once in a while," a Michigan student declared.

Among those expecting to maintain the family tradition: "I like life in a small town where a minister and his family are important and are listened to," a ministerial aspirant from Texas commented. "I've never wanted to do anything else," said another. "This is my place in life."

"It's a healthful and useful life," said a soldier's son of his father's profession, which he planned to adopt. And a University of Penn-

## Shoot Gun From Hip

## FBI Agents Make Pikers Out of Old Western Heroes

By FREDERICK WOLTMAN

NEW YORK — (NEA) — As pistol slingers, those romantic gun fighters of the Old West were pikers alongside J. Edgar Hoover's 6,000 agents in the FBI.

Most of today's FBI agents, largely lawyers and accountants, could not shoot Wyatt Earp. In combat shooting they way outclass the police departments of the country.

For over the years the FBI has developed to a science the old-fashioned Western technique of the lightning draw and rapid fire from the hip. Every agent and supervisor, right up to the director himself, is steeped in it.

It's called combat or instinctive, double-action, hip-level shooting as against the traditional police training of standing before a target, taking aim at shoulder level and firing. For speed and accuracy in a pinch, it's unequalled and could easily mean the difference between survival or death.

Progressive police departments, like New York's, are starting to adapt to the FBI system, which the FBI demonstrated at its New York headquarters. The show packed more drama than Gary Cooper at high noon.

The G-Man, trained for fast action, proceeded thus:

1. His left leg went out and forward, giving him a low crouch (for a smaller target) and an athletic stance like a shortstop waiting for the ball. His half-bent knees provided better balance and more flexibility. The leftward move swung his holster hip away from his jacket.

2. Simultaneously, his right arm flashed back, swept aside his jacket entirely; his right hand grasped the .38 revolver and snapped the muzzle against the top of the special, quick-draw holster. This gave greater momentum to the one-motion draw.

3. The gun hand, still held low, thrust forward from the body as far as possible. Firing commenced instinctively with neither aim nor sighting, as in pointing a finger. The left hand followed the right for a fast shift of weapon if necessary. (Agents are taught to fire with both hands.)

In this way, the agent concentrated his primary vision on his target and still kept the gun in his

outer vision, giving it some direction.

The weakness of the Western draw was that the six-shooter was simply twisted out of the holster and fired too close to the hip to be seen. This way, according to the FBI experts, it's easy to miss a man at 10 yards.

The FBI man is trained to visualize his foe as if he were in the framework of a door and to concentrate on the stomach area, the best "kill" area.

Split-second timing, getting the bullet there first, rather than precision, bulls-eye shooting, is the objective. It does the trick just as well.

Consequently, most agents can draw and fire five rounds in about three seconds. Their best shots do it under two.

After long study, the bureau found most gun battles start at 21 feet. So the agents are expected to draw, fire five shots; reload and fire another five shots all within 25 seconds.

The inflexible FBI rule is: Never point a gun unless you're ready to kill. When you fire, fire to kill only, not to disable.

What makes the FBI system so superior is its pioneering in double-action shooting. That means cocking the gun, revolving the barrel to bring the cartridge in place and firing — all with one pull of the trigger. It requires a nine or 10-pound finger pressure.

Police departments universally held this was impossible to teach. So police were trained by conventional target practice — cocking the hammer in advance, then firing at the bulls-eye, which takes a finger pressure of only two-and-a-half pounds.

But, caught in actual combat, they must resort to double-action. With no training, they were unable to control the gun, hence most of their shots go wild in a running fire.

All FBI agents are taught double-action by a special technique started when agents were first authorized to carry fire arms in 1934. Agents practice the quick draw before a full-sized mirror. Perfection, they say, is achieved when they can out-draw the reflection.

Conrad Hilton, owner of 29 hotels in many of the major cities of the world, was born in San Antonio, New Mexico.

FASTER THAN EYE: Box doesn't stand chance as Robinson has gun beside it while box seems to hang in mid-air.

REACHING FOR IT: FBI's Roger Robinson has just tossed empty box into air, now demonstrates his split-second draw.

## Terms Are Misleading

ANNAPOLIS, Md. (P)—When a state senator started using such terms as "sneak boats" and "body booting," his colleagues asked for some explanations.

A "sneak boat," said Sen. William S. James, is one for creeping closer to ducks.

As for the system known as "body booting," he said, it requires climbing into a long "boot" which comes up to the arm pits.

"Then you wade out into the water, stand amidst the decoys and hope the live ducks will think you're a stump."

## Alexander Graduates From Army MP School

Army Pvt. David O. Alexander, son of Mr. and Mrs. Thomas E. Alexander, 2305 East 16th, recently was graduated from the Military Police Training Center at Ft. Gordon, Ga.

Alexander entered the Army in September, 1956, and received basic training at Ft. Leonard Wood. The 20-year-old soldier was graduated from Smith-Cotton High School in 1954. He was employed by the National Engineering and Manufacturing Co. before entering the Army.

## Scout Court of Honor Held at Knob Noster

A court of honor for Boy Scout Troop 402, Knob Noster, was held in the American Legion Building Tuesday evening with 27 boys and a number of parents attending.

Lt. Gordon Irle, scoutmaster, Sgt. Ray Langston and Paul Gallo-way, assistant scoutmasters, presented the awards and merit badges.

There was a candlelight service for the tenderfoot awards, which went to Flip Clark, Danny Woodall, Allen Jones and Klaus Shigley.

Second class awards went to Terry Henderson, Cully Scott, Rusty Kline and Don Herrington. First class awards went to Larry Joe Patrick, Mike Patrick and Dennis Langston. Ronnie Allen received merit badges for citizenship in the home and in chemistry. Jack Johnson, who recently moved from Knob Noster, also earned a chemistry merit badge.

The Flying Eagle Patrol will be given its patrol flag as a prize for the best window display, which featured "Smokey the Bear".

A knot-tying contest was held between the three patrols.

Mothers of the flying eagle patrol served cookies and punch.

The Boy Scouts meet each Tuesday evening in the American Legion Building.

## Report Mass Child Marriage in India

NEW DELHI (P)—Press reports reaching New Delhi today told of the mass marriage of 750 couples, most of them 4 to 16 years old, at Bikaner, 200 miles west of New Delhi.

Although illegal, child marriages persist in India. The reports said most of those wed at Bikaner belonged to the Pushkarna brahmin community, whose customs provide for members of the caste to gather every four years to arrange the nuptials of their children.

## Bandleader and Wife Have Reconciliation

HOLLYWOOD (P)—Because their small daughter felt insecure with them apart, bandleader Buddy Rich, 39, and his wife, actress Marie Allison, 28, have reconciled.

Rich and his wife each had filed divorce suits asking custody of the child, 2-year-old Cathy. The suits will be dismissed, they said yesterday.

"We're going to see if we can work out our problems like intelligent adults instead of children," Mrs. Rich said.

## Missouri Can Show You . . .

## JOHN PRICE HOUSE Ste. Genevieve

Built before 1804, this is considered the oldest brick building west of the Mississippi. A much visited attraction, it still houses a tavern serving fine meals and beer. The hand-made bricks laid in Flemish bond, and the ornamental cornice have withstood the years remarkably.

This landmark overlooks the old village square of Ste. Genevieve, oldest white settlement in Missouri. Founded by the French around 1750, Ste. Genevieve retains much of the charm of its Creole days. It also boasts the world's largest limestone quarry.

Missouri can show you a rich and fascinating history in many fields. Since 1810, for instance, brewing has been an important Missouri industry — and today "Beer Belongs" throughout the state. The United States Brewers Foundation, working in conjunction with brewers, wholesalers and retailers, conducts a Self Regulation program which insures the sale of beer under orderly, well-regulated conditions.

Missouri Division, United States Brewers Foundation, 915 Olive, St. Louis 1.

## Will Arrange Compromise On Training

WASHINGTON (AP) — A House Armed Services subcommittee turned to other phases of the military reserve program today while it sought to compromise an Army-National Guard dispute over recruit training.

Subcommittee Chairman Overton Brooks (D-La.) said the group probably will work next week on a compromise between the Army's demand that new Guard recruits get six months active duty and the Guard's insistence that those under 18½ be required to take only 11 weeks.

Brooks indicated he has been impressed by the arguments in favor of six months training but is concerned also that "nothing be done to hurt the Guard," which says the requirement would wreck its recruiting.

The subcommittee heard one dissent from Guard ranks yesterday.

Maj. Gen. Roy Green, commander of the 49th California Guard Division, said he had instituted the six-month rule in his command and was delighted with the results.

Extension of the requirement "won't kill the Guard," he said, adding that parents are impressed by the argument that their sons would have a better chance of surviving in war if they are well trained.

He predicted an increase in enlistments, but in Sacramento, the adjutant general's office said the division showed a net loss of 107 men in January.

The compromise most spoken of now would involve a delay in the mandatory six months duty, now scheduled to apply to men enlisting April 1 or afterwards. Various plans have been suggested for giving the Guard a chance to try out its 11-week plan while using inducements short of a flat requirement to get recruits to fill out the six months. The Army also would be required to help the Guard get recruits.

## Baltimore Is Only Port Not Settled

BALTIMORE (AP) — Baltimore stood alone today as the only port holding up settlement of a week-old strike of the International Longshoremen's Assn.

Presence of a top federal mediator and two more hours of talk among officials of the Steamship Trade Assn. last night produced no apparent results. Another session was scheduled late today.

The chief of Baltimore's 7,400 I.L.A. members, August J. Idzik, insists the STA go along with a master contract negotiated Sunday with New York shippers and agreed to last night in Hampton Roads, Va.

Philadelphia also reached agreement yesterday and New England dockers are reported ready to return to work when they get the word.

**FAMILIAR?**—A decade hasn't caused much change in the German army uniform. Here is the dress jacket for officers and enlisted men of the Bundeswehr, the West German federal army. Except for open collar and necktie, it is almost identical with the former Wehrmacht outfit. The leather boots Germans are so fond of aren't so loud this time, though. Rubber soles have replaced the clattering hobnails of the former issue.

## Kremlin Seeks To Tie Down Its Students

By THOMAS P. WHITNEY  
AP Foreign News Analyst

The Kremlin, in a drive to regain control over restless Soviet youth, has promulgated a scheme to bind students in a straitjacket of labor before and after their university course.

The plan is apparently intended to punish students in higher educational institutions for numerous manifestations of discontent with the Soviet system.

Last week the first deputy minister of higher education, Vsevolod N. Stoletov, announced Soviet universities will be restricted to youths who have put in two or three years of hard labor in factories or on farms.

"Under present conditions, with higher educational institutions overcrowded, we must presume that it's a law that the road to higher education lies through work in factories and farms," he said.

The deputy rector of Moscow University, G. Vovchenko, said university graduates should get their diplomas not at the time of graduation but only after they have put in two years of "practical" work in the field.

"This," he declared, "will help Soviet young people gain experience and those who fail in it should not be granted their diplomas."

This looks like an effort to prevent evasion of obligatory "work assignments" given to all Soviet graduates of higher educational

## US Chamber Opposes US School Aid

WASHINGTON (AP) — The U.S. Chamber of Commerce said today there is no critical national shortage of classrooms, and that is regards federal aid for school construction "unwise and unnecessary."

The chamber position was presented to a House Education subcommittee by Thomas A. Ballantine of Louisville, Ky., chairman of the Chamber of Commerce Committee on Education.

He said in prepared testimony: "It is the consensus of business in this country that the states and their communities are responsible for, and able to finance the development of the school systems required by their citizens."

Federal help he said, "would lead inevitably to the transformation of public education from a state and local function to one increasingly directed by the federal government."

"No critical national shortage in classrooms has been or can be demonstrated to exist," he said.

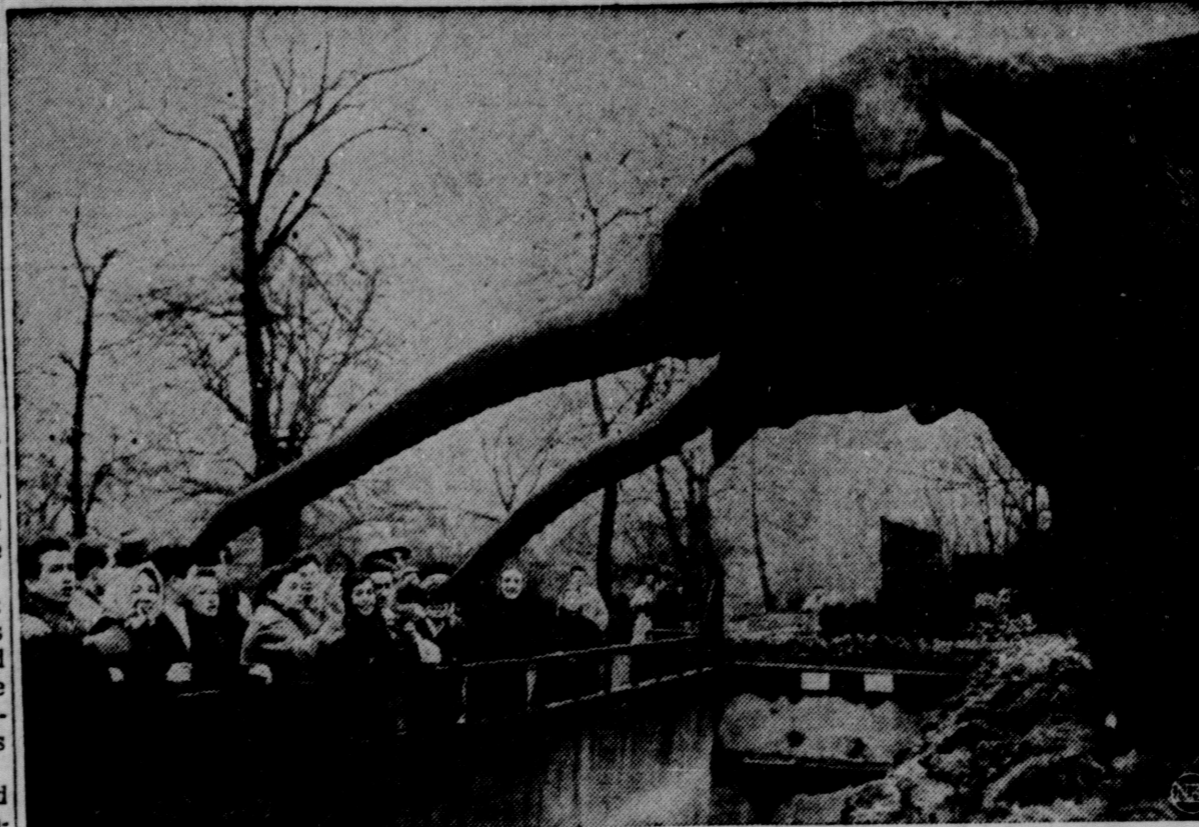

The House committee has before it an administration bill which would provide for \$1,300,000,000 in federal aid for school construction over the next four years. Other proposals also are under committee consideration.

Ballantine said a report by the U.S. Office of Education states 63,000 new classrooms were built in the year ending last fall. About 49,000 of these would have taken care of the report's estimated enrollment increase of a million and its estimated figure of 14,000 for abandoned classrooms, Ballantine said.

That, he added, leaves a surplus of 14,000 classrooms for "pupils in excess of enrollment capacity."

These work assignments usually are in remote and desolate areas which city-bred young people find unpleasant. Thousands of graduates manage through one or another device to escape them.

## Elevator Accident Is Fatal For Two

KANSAS CITY (AP) — Each day August E. Olson, 66-year-old head janitor at Kansas City Junior College, made a special elevator trip for Miss Patricia Dowell, 23-year-old student crippled by cerebral palsy. Something went wrong yesterday and both died.

Investigators said Miss Dowell must have stumbled on her crutches as she started to step off the elevator. Olson reached out to help her and accidentally touched the control lever. He strangled as his head was caught between the floor of the rising elevator and a beam.

Miss Dowell died later of internal injuries. She was caught between the elevator and the shaft wall.

## BANK'S CLOSING NOTICE

The banks of Sedalia will be closed all day Friday, February 22, 1957, in observance of Washington's Birthday, a legal holiday.

Sedalia Clearing House Association.

## Another Trip by Air

FITCHBURG, Mass. (AP) — Mrs. Louisa I. Smart, mother of 8 children, 7 grandchildren and 8 great-grandchildren, will be 100 years old today. A native of Ashe County, N.C., she has flown 22,000 miles and plans another air trip next summer. She recalls Civil War days. Her husband, who fought for the North, died in 1923.

## Is Ill With Cancer

PHOENIX, Ariz. (AP) — Mrs. Helen (Ma) Sunday, 88-year-old widow of evangelist Billy Sunday, is critically ill with cancer of the lung and a heart ailment. Her grandson, Paul Haines, a Phoenix advertising man, reported she was taken to a hospital two weeks ago and then returned to his home. Her husband died in 1936.

## CONSTIPATED? New laxative discovery un-locks bowel blocks without gag, bloot or gripe

Constipation is caused by what doctors call a "thrifty" colon that, instead of retaining moisture as it should, does the opposite: robs the colon of so much moisture that its contents become dehydrated, so dry that they block the bowel; so shrunken that they fail to excite or stimulate the urge to purge that propels and expels waste from your body.

To regain normal regularity, the dry, shrunken, constipating contents of your colon which now block your bowel must be brought to your colon to S-T-R-E-T-C-H STIMULATE it to action; to a normal urge to purge.

And, of all laxatives, only COLONAD, the amazing new laxative discovery possesses COLONAD's great moisturizing capacity, plus COLONAD's stretch-stimulating bulk. So effective it relieves even chronic constipation overnight, COLONAD is yet so smooth, so gentle it has proved safe even for women in critical stages of pregnancy.

Superior to old style bulk, salt or drug laxatives, COLONAD neither gags, bloats nor gripes; won't interfere with absorption of vitamins and other valuable food nutrients; in clinical tests, did not cause rash or other reactions.

It's a physiological fact: Exercise tones your body! And COLONAD exercises your colon to tone it against constipation, overnight! Get COLONAD, in easy-to-take tablet form at any drug counter, today! Only 98c for the 60 tablet package, brings positive relief at less than 2c per tablet.

# 3 YEARS AHEAD OF THE "OTHER TWO"!

That's the all-new Plymouth—and your dealer's ready to compare Plymouth with the "other two" in his

## COMPARE "ALL 3" SHOWDOWN

The greatest challenge in automotive history!

Just a FEW of the facts you'll learn in the COMPARE "ALL 3" SHOWDOWN!

	Plymouth	Low-price car "C"	Low-price car "P"
Performance	Maximum piston displacement (cu. in.)	318	283
	Maximum available V-8 hp	290	283
	Highest standard V-8 hp	215	185
	Push-button drive	Yes	No

Buying a car is one of the biggest decisions—and investments—you make. You need all the facts—not just talk—before you spend a single dime. And now, for the first time, you're able to get all the facts about all 3 low-price cars.

Right now, during this history-making Compare "All 3" Showdown, your Plymouth dealer can show you a direct comparison, feature by feature, point by point of all 3 low-price cars. No fancy sales talk. No "juggling." This time—you're the judge. And you'll have all the information at your finger tips.

Why do we do this? Because we know that once you get the whole story, you won't settle for anything less than Plymouth!

When you drive a **Plymouth** you're 3 full years ahead!

Don't miss Plymouth's two great TV programs: Lawrence Welk's "Top Tunes and New Talent" and "The Ray Anthony Show." See TV section for time and station.

## Teen-agers' Prank Brings 8 Police Cars

PHILADELPHIA (AP) — A dull afternoon at a Philadelphia playground prompted three teen-age boys into a joke that brought eight police vehicles and tied up traffic half an hour.

One 15 year old boy stretched out on the corner of the playground near the street and closed his eyes. The other two stood over him and gazed solemnly until a car pulled to the curb.

"What's the matter, boys?" asked Mrs. Paul Noble.

"Lady," one teen-ager replied, "he just got shot."

Four police cars, two emergency wagons and two park guard patrol cars responded to Mrs. Noble's phone call. But by then the "shooting victim" and his two friends had disappeared.

## To Propose Four-Nation Canal Plan

UNITED NATIONS, N.Y. (AP)—Secretary General Dag Hammarskjöld was expected to relay to Egypt today a four-nation plan for interim operation of the Suez Canal that would give Egypt at least half the tolls.

Authoritative sources said representatives of the United States, Britain, France and Norway presented the plan last night in a 30-minute meeting with Hammarskjöld. It reportedly hinged on these two main points:

1. Dividing the canal tolls with Egypt on a 50-50 basis once the waterway is opened to shipping. Tolls would be paid to the World Bank or to the U.N. itself. Half the money then would be credited to Egypt and the other half held until a final canal settlement is reached.

2. Use of the 103-mile canal by ships of all nations, including Israel.

The British Foreign Office said the world's major shipping nations had agreed to share the Suez tolls with Egypt, but London observers predicted the Egyptians would demand 100 per cent payment.

From the time Egypt nationalized the canal July 26 until it was blocked during the October-November invasion, many shipowners paid their tolls to the old Suez Canal Co. in London and Paris. The fees were being held pending settlement of the company's claims against Egypt for the nationalization.

The U.N. announced Deputy Undersecretary Alfred G. Katzin would fly to Egypt today for talks with U.N. officials on canal clearance operations. There have been reports Egypt is holding up the clearance until Israel withdraws its troops from the Gaza Strip and the Sharm el Sheikh area on the Gulf of Aqaba.

Target date for opening the waterway to vessels of up to 10,000 tons — about 75 per cent of the normal traffic — is March 10. But recent reports have indicated that goal would not be met. Meanwhile, the 27 nations of the Asian-African group in the U.N. called a meeting today to consider again Arab demands for sanctions against Israel because the Israelis have not withdrawn all their troops.

## Wants Legislature

(Continued from Page One)  
The resolution further stated that there were rumors of dissatisfaction with the treatment of agricultural and livestock exhibitors and with the treatment given to concessionaires by the fair management.

With uncertainty that the purposes for which the fair was created are being accomplished, the resolution said it seems unwise to consider any appropriation for the fair until the facts have been determined. It further said there was a possibility that a state fair advisory board should be set up.

The resolution was referred to the committee on miscellaneous resolutions which is not scheduled to meet until next Tuesday.

## Precedent Breaker

KNOXVILLE, Tenn. (AP)—When Mary Kimberly McWhorter arrived here, she got the red carpet treatment. The new daughter of Mr. and Mrs. David McWhorter, is the first girl born in the McWhorter family in 100 years.

## OBITUARIES

John I. McFall  
John Ives McFall, 50, of 710 East Third, died at Bothwell Hospital at 5:25 a.m. Feb. 20. He had been a patient there since Jan. 30.

He was born May 13, 1907, at Neck City, Mo., son of the late John and Mattie McFall, and moved to Sedalia with his parents when a small boy. For the past 26 years he had been employed in the blacksmith shop of Missouri Pacific railroad. He was a World War II veteran. On March 7, 1932, he was married to Dora Garrigus.

He is survived by: his wife; five sons, Glenn, Eddie, Jessie, Johnny and Tommy, of the home; four step-children, Mrs. Marie Hughes, Kansas City, James Garrigus, 1829 South Beacon, Mrs. Rosie Carver, Florence, and Mrs. Mitzie Gildersleeve, Malton Park, Calif.; two sisters, Mrs. Clara Perry, Whittier, Calif., and Mrs. Montie Jimmerson, Peoria, Okla.; and 14 grandchildren.

A daughter, Joyce, died at the age of three months in April, 1941. Funeral services will be held at 2 p.m. Friday at Gillespie Funeral Home, with the Rev. Chester Potts, pastor of the Church of the Open Bible, officiating. Russell Maag will sing "Going Down the Valley" and "Beyond the Sunset" and will be accompanied by Mrs. Del Heckart.

Burial will be in Crown Hill Cemetery.

The body is at Gillespie Funeral Home.

## Mrs. Ida Silver

Mrs. Ida Silver, 85, mother of Frank Silver, 1203 South Lamine, who with Mrs. Silver operates the Necchi-Elna Sewing Circle here, died at 5:30 a.m. Wednesday at the home of a daughter, Mrs. Ross Cooper, Chillicothe, after a stroke she suffered a week previous. Her home for many years had been at Hale, Mo.

Surviving besides the son in Sedalia, who had resided here the past four years, are six daughters all of Chillicothe and vicinity; and several grandchildren.

Funeral services will be at Hale, Mo., Friday afternoon. The Sedalia store will be closed that day.

## Chester Cole

Chester Cole, 44, Kansas City, died at General Hospital in Kansas City Feb. 18, following a lingering illness. He had been a patient there since June 30, 1956, when he was injured in a motorcycle accident.

Mr. Cole was born Nov. 24, 1912, in Benton County, the son of Mr. and Mrs. George Cole, Route 1, Warsaw. He had lived in the Warsaw and Lincoln communities until he moved to Kansas City 12 years ago.

He is survived by three sons, John Robert of Wichita, Kan., Carl Jr. and Eddie Dean, both of Warsaw; two daughters, Betty Nicholson of Blue Springs, and Carol Sue, of Warsaw; his parents; five sisters, Goldie Harille and Silvie Evans, of Lincoln, Opal Roark of Nahua, Gracie Briggs of Calhoun, and Rippy McDaniel of Route 1, Warsaw; and one brother, Hutcherson Cole, Kansas City.

He was preceded in death by two sisters.

Funeral services will be held Thursday at 2 p.m. at the Fred Davis and Son Funeral Home in Lincoln, with burial in Sunnyside Cemetery.

## Mrs. T. R. Hampton Services

Funeral services for Mrs. Alice M. Hampton, wife of T. R. Hampton, who died at Woodland Hospital Monday morning, were held at 2 p.m. Wednesday at the Gillespie Funeral Home, the Rev. Kenneth Davidson, pastor of the East Sedalia Baptist Church, officiating.

Songs sung by Russell Maag were "In the Garden" and "Some Time We'll Understand" with Mrs. Del Heckart at the organ.

Pallbearers were Shelby Oehrke, George Fleishman, Ted Kubli, Donald Christian, Gus and Jake Marcum.

Burial was in Memorial Park Cemetery.

## Mrs. Eliza M. Carpenter Rites

Funeral services for Mrs. Eliza M. Carpenter, 608 North Grand, who died at the Campbell Nursing Home Tuesday morning, will be at 2 p.m. Thursday at the Gillespie Funeral Home, the Rev. Harry Purviance, pastor of the First Christian Church, of which she was a member, to officiate. Assisting will be the Rev. William Morgan.

Russell Maag will sing "In the Sweet Bye and Bye" and "The Old Rugged Cross" with Mrs. Del Heckart at the organ.

Pallbearers will be James Riley, Bert Devoll, Dewey Holman, Pete Drenas, Clifford Mawhorter and Leonard Anderson.

Burial will be in Antioch Cemetery.

## Mrs. Jessie Berkebile Rites

Graveside services will be held at 10 a.m. Thursday at Crown Hill Cemetery for Mrs. Jessie Berkebile, who died at Larned, Kan., Monday afternoon.

Mrs. Berkebile was a daughter of Mr. and Mrs. John Mitchell and was born in Sedalia Aug. 18, 1883.

Since leaving Sedalia most of her life was spent in Denver, Colo., aside from a portion of it in Kansas. She was a member of the Order of Eastern Star at Denver. The body will arrive at 5:45 p.m. Wednesday and be taken to the Gillespie Funeral Home, where at 7 p.m. members of Pettis Chapter

## Stolen Car Is Recovered; Two Are Held

Sedalia police were notified a 1955 Pontiac hardtop sedan was stolen by a man and woman armed with a knife near Warrensburg at 4:15 a.m. Wednesday. The car was later reported to have stopped at Brown's Service Station on West Highway 50 and the driver filled the car up with gasoline.

The service station attendant reported to the Sedalia police the man reported he had been in a fight at a dance. The driver was dressed in khaki clothing. A good description was given the police.

The Missouri State Highway Patrol was notified by the Iowa State Police about 11:30 a.m. Wednesday that the car had been recovered. It had been wrecked near Oskaloosa, Ia.

It was also reported the woman had been apprehended first and a short time later the man was captured.

The car was stolen from Walton Smith, Kansas City, according to the report received here.

Sedalia police learned the man and woman had been identified as Letha Michaels and Cecil Summers. It was reported, the police said, the couple was believed to have been escapees from an institution in Kansas.

It was also reported by Johnson County authorities that warrants would be issued for the two for their return to Missouri in connection with taking the automobile and contents, as well as with attempted assault.

According to a radio police report, the couple was believed to have taken a car in Kansas which was wrecked in Missouri.

## Ex-Sedalian Receives CPA In Indiana

Dr. Harvey E. Donley, professor of accounting at Evansville College has completed work on and received his Certified Public Accountant certificate.

Dr. Donley formerly attended the Central Business College in Sedalia. He took the examination for the certificate last month from the Indiana State Board of Certified Accountants. The American Institute of Accountants approves and prepares the examinations and they are given by the Indiana Board of C.P.A.'s on the basis of the Indiana Law Standards.

Donley, who joined the staff of Evansville College in 1953, is a native of Latham, Mo. From 1947 until his appointment at the college, he served on the staff of the department of accounting at the University of Missouri.

He holds the bachelor of science degree in education from Central Missouri State College, the master of arts degree and the doctor of philosophy degree from the University of Missouri.

Dr. Donley holds memberships in numerous national organizations including the American Accounting Association, the American Association of University Professors, Midwest Economics Association, Delta Sigma Pi, professional commerce fraternity; Phi Sigma Pi, professional education fraternity; Kappa Delta Pi, honorary education fraternity; Kappa Mu Epsilon, honorary mathematics fraternity; Alpha Pi Zeta, honorary science fraternity; Beta Gamma Sigma, professional scholastic society and National Association of Cost Accountants, of which Donley is the director of education for the local chapter. Dr. Donley, his wife and four children live in Evansville, Ind.

Dr. Donley holds memberships in numerous national organizations including the American Accounting Association, the American Association of University Professors, Midwest Economics Association, Delta Sigma Pi, professional commerce fraternity; Phi Sigma Pi, professional education fraternity; Kappa Delta Pi, honorary education fraternity; Kappa Mu Epsilon, honorary mathematics fraternity; Alpha Pi Zeta, honorary science fraternity; Beta Gamma Sigma, professional scholastic society and National Association of Cost Accountants, of which Donley is the director of education for the local chapter. **ELECTRONIC "MOON" BEAMS** — Diagram above shows how radio signals will be used to take a "fix" on the man-made "moon" the U.S. will try to launch into space during the International Geophysical Year (July, 1957—December, 1958). As it orbits around the earth at 18,000 miles an hour, the 20-inch satellite will transmit a faint radio signal which will be picked up by super-sensitive, multi-antenna ground receivers called "Minitrack." The receiving equipment will compare the time required for the same signal to reach each of the antennas at Minitrack sites. Eleven such stations will be set up in a "fence" running north and south in the Western Hemisphere. Data obtained will enable scientists to predict quickly where the speeding artificial moon will go next and aim their cameras and other instruments accordingly.

### In Other Hospitals

Mrs. C. R. Thomas, California, Mo., received severe injuries to her right hand when she caught it in a washing machine wringer at her home on Tuesday morning, Feb. 19. She received treatment at the Latham Sanitarium and was able to return to her home.

### Accidents

No injuries resulted in a two-car collision about 7:40 p.m. Tuesday at the intersection at 11th and State Fair Blvd. Involved was a 1955 Ford, driven by Wilber Vollrath, 1704 South Moniteau, which received damage to the right side, and a 1955 Chevrolet, driven by Ray Bennett, Nelson, Mo., was damaged on the left front portion.

The right front portion of a 1953 Cadillac was smashed about 7 p.m. Tuesday when the car struck a light post at the intersection of Ninth and Quincy. The vehicle was driven by Ronald H. Thomas, 1106 West Tenth.

### Other Fires

Pettis County's fire department made a run to the Missouri-Pacific railroad track south of 32nd Street at 5:10 p.m. Tuesday to extinguish a fire in a boxcar.

Slight damage resulted.

The farm home of Bill White, four and one-half miles north of Sedalia on Highway 65, was burned to the ground shortly after 3 o'clock Tuesday morning. White was not at home at the time.

The blaze, undiscovered until the house was engulfed in flames, had progressed too far for any of the structure to be saved by the time the Pettis County Fire Department arrived. The house was owned by Charles Bybee, Route 4.

Total loss in the fire was estimated at \$2,000.

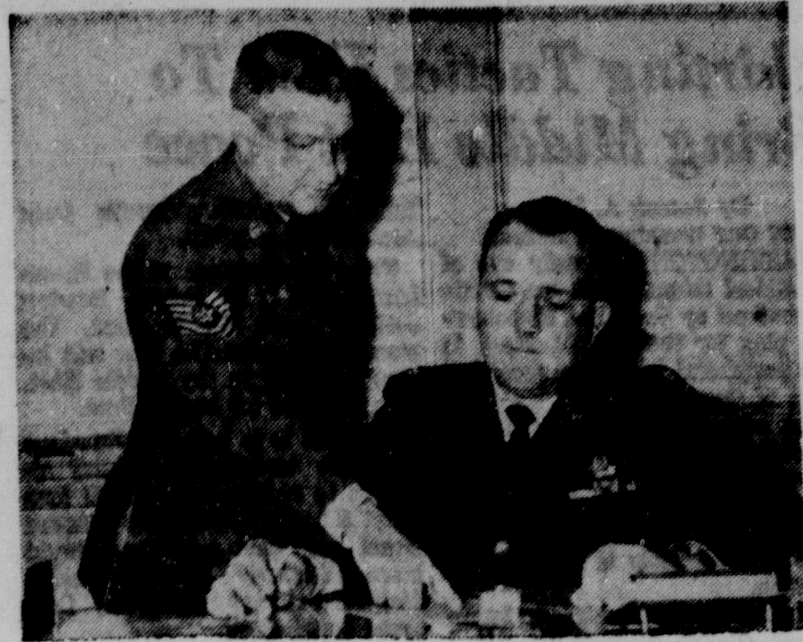

### Police Court

Standard Oil Co., Kansas City, forfeited a \$2 cash bond for parking on Ohio in the 400 block between 2 a.m. and 6 a.m.

Bernard Doherty, Fort Scott, Kan., charged with parking in the 400 block on South Ohio between 2 a.m. and 6 a.m., forfeited a \$2 cash bond.

Twelve overtime parkers forfeited cash bonds of \$1 each and others paid the 25-cent fee.

NEW ASSIGNMENT—Lt. Col. Arthur H. James newly assigned 340th Bomb Wing Director of Personnel at Whiteman Air Force Base receives some pertinent information about his new section from his Sergeant Major, M/Sgt. Russell L. Smith. Col. James replaced Lt. Col. Thomas A. Miller, Feb. 13. Col. Miller went to the Inspector General's Office at Headquarters Eighth Air Force, Westover AFB, Mass.

### Recently Promoted, Too

## Lt. Col. James New Director Of Personnel at Air Base

Lt. Col. Arthur H. James has assumed the duties of the wing director of personnel at Whiteman Air Force Base replacing Lt. Col. Thomas A. Miller.

Col. James, a command pilot, was formerly in charge of the status division in the director of personnel office, Headquarters Eighth Air Force.

In November, 1953, Col. James organized the first Strategic Air Command Non-Commissioned Officers' Academy at the 7th Air Division Headquarters in England. Col. James was commandant of this academy until March 1954.

The Colonel returned to the United States on temporary duty in February, 1954, to establish the present SAC NCO Academies in the Zone of Interior. Col. James' original academy curriculum was accepted by Headquarters SAC at that time, and is still the basic course of study for all of the command's academies.

The new wing director of personnel was promoted to his present rank just recently, Feb. 14.

Col. James and his wife Ann are from Verona, N. J., and are presently residing at 1820 West Fifth, Sedalia, with their two children, Arthur, Jr., 13, and Douglas, 11.

The former wing director of personnel, Lt. Col. Thomas A. Miller, held that position for the past 36 months. He departed recently for Westover Air Force Base, Mass., where he will assume duties in the office of the Inspector General, Headquarters, Eighth Air Force.

Col. Miller came to the 340th from Okinawa and had previously served in the Pentagon, Washington, D. C. as a plans and policy officer and with the USAF director of public relations.

During WW II, the colonel served in the European-African and China-

## House Group Recommends Postal Cut

WASHINGTON (AP)—Faced with protests from postal employees over proposed cuts, the House moved into its second day of debate today on a money bill for the Treasury and Post Office departments.

The committee recommended a reduction of 58 million dollars in Post Office fund requests. A deluge of telegraphed protests followed. The \$3,192,000,000 approved by the committee is still \$76,177,941 more than the department had for comparable programs this year.

The Post Office Department complained that cuts would force layoffs, curtail existing services and make it impossible to expand.

Rep. Gary (D-Va.), who headed

a subcommittee that drafted the bill, said it is "obviously ridiculous" to claim the action would require dismissal of employees now on the payroll.

There are many places where the department can effect savings he said, claiming that by halting

### Blind Learn Faster

ALBANY, N.Y. (AP)—A Red Cross instructor in first aid says 10 blind students in her class learn some techniques more quickly than those with sight. Elizabeth Judd says they learn rapidly to "tie a square knot, fold triangular bandages and perform other tasks" where touch is more important than sight.

Saturday deliveries of what he called "junk mail"—advertising matter sent at cheap rates—it could save 10 million dollars annually.

Gary joined with other committee members in urging that Congress boost retail rates to cut down the department's mushrooming deficit.

But Rep. Canfield (R-N.J.), a member of Gary's subcommittee, said the group's action was "arbitrary." He contended it disregarded what he said was the ever-increasing workload of the Post Office Department.

The bill allots \$691,467,000 to the Treasury Department and \$1,460,000 to the Tax Court for the new fiscal year.

## Army Buddies Help Cupid In Marriage

NEW ORLEANS (AP)—Childhood sweethearts Howard Brenner and Dawn Merchant exchange marriage vows today with the groom's Army buddies giving cupid a big assist.

The 22-year-old Brenner is a private first class in the 156th Transport Company stationed at Camp Leroy Johnson.

He and his 19-year-old bride had prepared for the ceremony with no best man, no flowers, no music, no friends. They felt lonely 1,000 miles from their Akron, Ohio, homes.

But Lt. Roscoe Hope, commander of Brenner's company, heard about the ceremony and moved into action.

Plans called for Hope to walk

THE SEDALIA DEMOCRAT—Sedalia, Mo., Wed., Feb. 26, 1957

down the aisle with Daun and platoon leaders Lt. Paul Muller and Lt. Norman McNeill to serve as ushers. Capt. Robert Bauman will sing "Because" and "Through the Years" and Capt. Walter Dickey's 7-year-old daughter was appointed flower girl.

The little chapel will be filled with the 121 men of Brenner's company.

"It's wonderful," said the bride. "This is just like the little church at home."

# Unison With All Mankind

For all we know by what we read, the world is again near a peak in international tensions over an area away off in the Middle East. Involved, like ourselves, are peoples of different color, different speech, different religious faiths.

Diplomats of many nations are scurrying about by train, airplane and ship, communicating with each other by all modern means in an effort to keep the proverbial powder keg from blowing up and starting another world war.

The tread of the spectre of uneasiness can be heard out here in the rolling prairie lands of Central Missouri during the current national observance of Brotherhood Week sponsored by the National Conference of Christians and Jews, a civic organization founded in 1928 and engaged in an educational program for better human relations among men of all religions, races and nationalities. We hope this includes the Arabs, and that is not said facetiously.

Observance of this week has occurred for 25 years. Despite much cynicism surely some good must come of it. Even as little drops of water wear away the stone, the annual repetition of the basic beliefs and purposes of Brotherhood Week must erode the outer crust of bigotry and prejudice encasing man.

The character and personality of man was never meant to be eternally bad; instinctively he is good. During lapses in-

to meanness he sets up artificial boundaries which establish a breeding place for the germs of hate and intolerance of fellow men.

Brotherhood can be made a normal and natural part of everyday living by giving to others the same dignity and rights one claims for himself. These are among the basic beliefs of the National Conference of Christians and Jews whose purpose is to promote justice, amity, understanding and cooperation in an everlasting crusade to establish a social order in which religious ideals of brotherhood and justice shall become standards of human relationships.

Men and women subjected to reasoning may someday reach the goal of human brotherhood. There is no better time to meditate on such spiritual precepts than now while world tempers flare. Those who crusade for brotherhood should not be disuaded from their purpose by the contentious persons they meet along life's pathways.

Spiritual and moral power does not come casually; man has to work for it among his brothers.

George Washington, whose birthday anniversary we observe also during Brotherhood Week, aptly defined in few words an ideal approach to human kinship when he said: give "to bigotry no sanction, to persecution no assistance."

Therein may lie the solution to the Middle East problem.

## The Washington Merry-Go-Round

### Not to Abandon Army Funeral Horses

By DREW PEARSON

WASHINGTON — A lot of people had a hand in saving the seventeen Army funeral horses at Ft. Myer, Va., including General George C. Marshall and a little girl in Wayne, Maine. But the man who really saved them was the Commander-in-Chief, Dwight D. Eisenhower. Here is the inside story of what happened.

The man who chiefly wanted to get rid of the horses was the Secretary of Defense, Charles E. Wilson, who has spent his life building horseless carriages and who is definitely anti-horse. He also has a mad on against the Veterinarian Corps, and ordered a survey of all the animals in the Army to see how many were really needed and why we needed any Vets to care for them.

The survey showed 116 horses, 314 mules, and 950 dogs left in the Army. It also showed that horse-drawn funerals were considerably more expensive than motorized hearses. At this point and without waiting for an order from Secretary Wilson, General Wilkinton Parmer, vice chief of staff, ordered the end of horse-drawn funerals at Ft. Myer. General Maxwell Taylor, the Army's chief of staff, was absent at the time.

The reasons General Palmer moved without an ok from above, according to Pentagon sources, is that he knew Secretary Wilson was anti-horse. His Pentagon critics also claim that General Palmer was angling for the post of

chief of staff after General Taylor's retirement. At any rate, he signed the order.

#### Little Girl's Plea

Then came the reaction. Some of the reactions came from this column. Following its publication, Congressman Carl Vinson of Georgia, potent chairman of the House Armed Services Committee, was deluged with letters. One which particularly touched Vinson came from Paula Swasey of Wayne, Me., who wrote:

"Dear Rep. Vinson: I am ten years old. I have always wanted a horse. I read in the newspaper where you might have to get rid of the 17 Army horses. If you have to get rid of them, I would like to have one.

"I would take good care of it because I love horses.

"Sincerely Yours,  
—Paula Swasey"

Touched by the letter, Congressman Vinson wrote back:

"Dear Paula: I wish it were within my power to give one of the Army horses to a fine young lady like you, because I know you would give it a good home. But they are not mine to give.

"So while I regret that I cannot send you one of the horses, I'm sure that you would be just as happy if you knew that the horses would continue to be used in keeping with one of our great traditions in honor of our deceased military heroes.

"I shall do everything I can to make that possible."

#### Horses' Best Friend

He did. However, other potent persons were also working on behalf of the Army horses, one of them being General George C. Marshall, former chief of staff and former Secretary of Defense. He called the White House and asked to speak to the man who used to take wartime orders from him.

Marshall once promoted Eisenhower from Lieutenant Colonel to Lieutenant General in less than a year, also recommended him as Commanding General for Europe. But Eisenhower didn't take his call. Marshall had to settle for General Wilton Persons, Ike's Aide, who he urged to keep the Ft. Myer horses. Persons relayed the message to the President.

At this point the President himself intervened. He ordered horse-drawn funerals at Ft. Myer continued. It was just as simple as that.

NOTE — One aftermath of the "Battle of the Ft. Myer horses" is that General Palmer, who ordered them out of the Army, is going to be out of the Army himself. It may be reversed later. But as of this writing, the plan is to retire Palmer. He, instead of the Ft. Myer funeral horses, will be put out on pasture.

## Nehru Double Standard

Morality is all of a piece, or it is nothing. There cannot be one kind for Asia and Africa and another for Europe and America.

Prime Minister Nehru of India is always quick to point the finger of blame at the West when he believes it is thwarting the emergence of Asian-African peoples. He was not so swift in mustering indignation, however, when Russia trampled upon rebellious Hungary.

You cannot compromise the principles of freedom and independence by favoring them in one region and not in another.

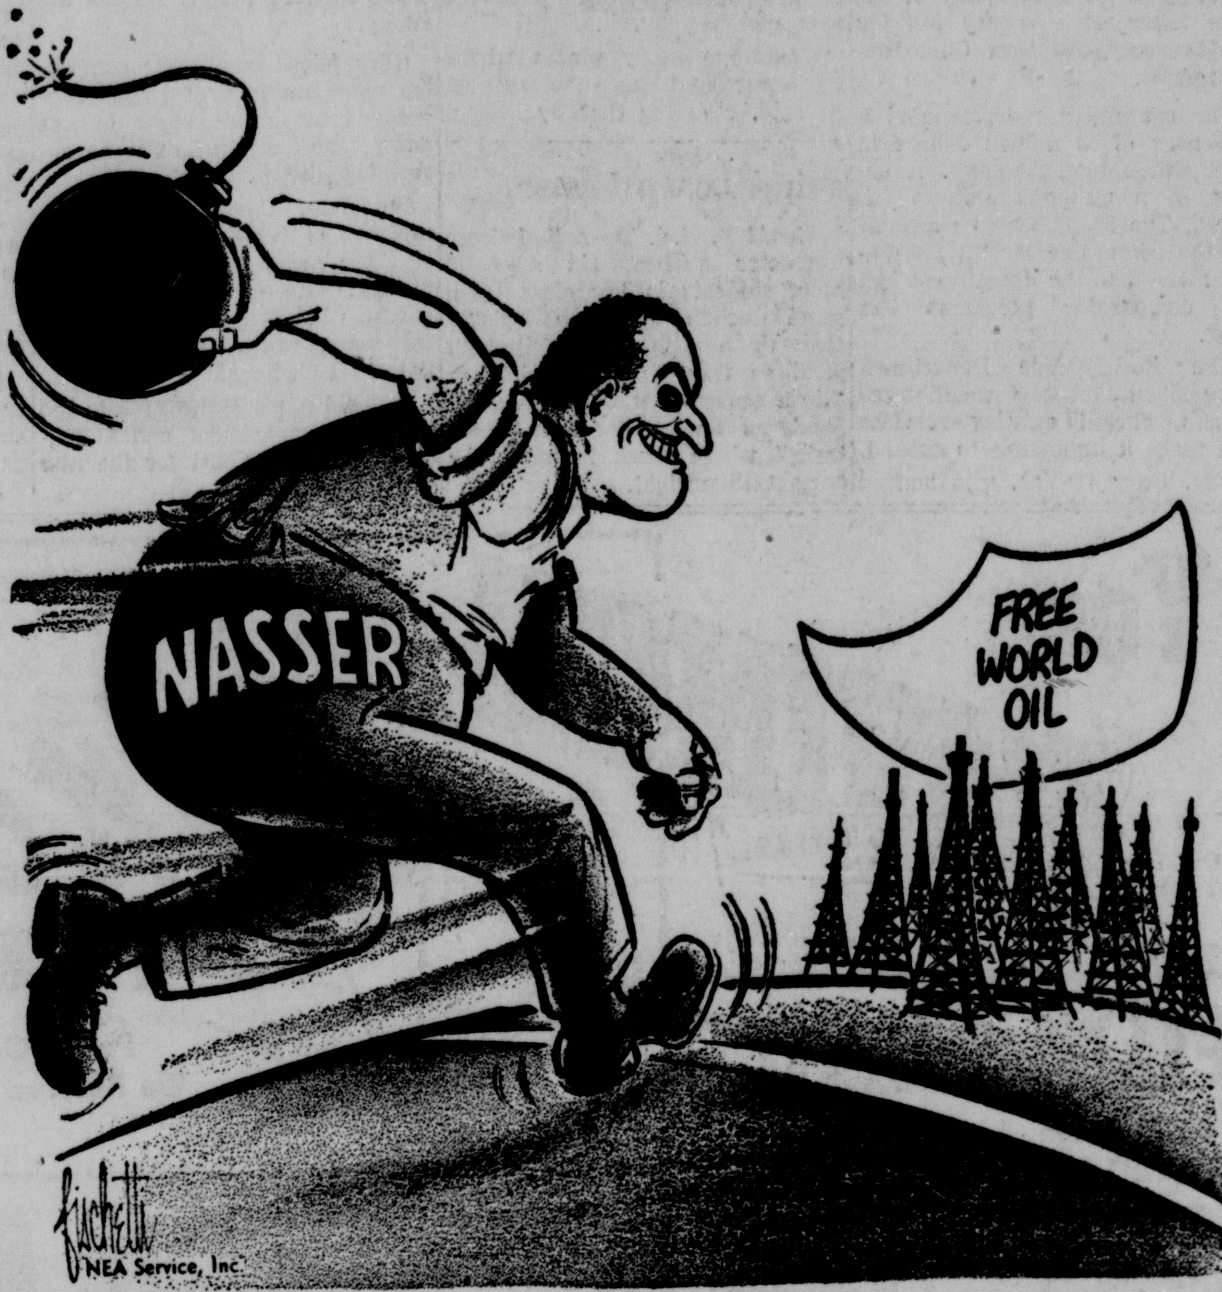

By the same token, Nehru plainly weakens his whole case as a champion of peace and high political ideals when he declines to allow the United Nations to enter disputed Kashmir, the Indian state sought by both India and Pakistan.

In similarly disputed territory, the solution favored by international agencies is usually a plebiscite giving the native population the chance to decide. So the U.N. has proposed in this case. But Nehru will not have it.

Within the Indian sub-continent he makes himself the judge of what is right. Beyond it, his concern for morality seems to vary with the distance from New Delhi.

Birds, seals and turtles have saved the lives of many desert islands castaways.

## Private Bowling Alley

## The World Today

### Meeting With Congressmen Is Encore

By JAMES MARLOW

Associated Press News Analyst  
WASHINGTON — President Eisenhower's meeting with congressional leaders today is an encore. He met with them 51 days ago on the same problem: the Middle East. In that time the problem has deepened.

So has confusion over this country's thinking on the Middle East, including Israel. For 51 days the administration — or, rather, Secretary of State Dulles — has talked almost continually on the Middle East.

In that time the cherished Democratic Republican bipartisanship on foreign policy has been badly split. And Dulles has been treated to the most angry Democratic criticism of his four years in office, even to being called a "liar."

If Dulles had talked less, and more to the point, there would now be a clearer understanding at home and abroad of what the administration has in mind on the Middle East in general and Israel in particular.

Instead of letting Democratic congressional leaders be the first to know of the program and tell how they felt, the administration — meaning Dulles' State Department — "leaked" it to a newspaper Dec. 28.

Democrats have indicated since they consider this an attempt to build up public pressure on them for approval before Eisenhower ever asked for their views. His program was a three-in-one pack-

age. He wanted congressional approval for:

Huge economic aid to the Middle East, although who'll get it, and how and why, is not clear; gifts of arms to certain Middle Eastern countries; and use of American armed forces to stop Communist aggression in the area.

There followed many days of testimony by Dulles and other administration officials before congressional committees, publicly and behind closed doors. In all he said Dulles followed one consistent line: vagueness. It irritated Democrats.

The House has approved the program. The Senate, starting debate on it this week, will probably put some strings on it.

Meanwhile, something else had been happening.

Israel had ignored the United Nations' demand that it quit territory claimed by Egypt, contending it first must have guarantees against Egyptian attack. The Arab members of the U.N. were getting set to ask for sanctions against Israel for defying the world organization.

#### Dr. Jordan Says

### Coma Extreme Condition Involved In Diabetes

By Edwin P. Jordan, M. D.  
Today's first inquiry deals with an extremely serious condition.

Q—Please tell just what a diabetic coma is and if it is serious—Miss L. M.

A—Diabetic coma is a state of unconsciousness brought about by the accumulation of toxic substances in the blood as a result of uncontrolled diabetes. In other words, it is a sign of diabetes of the most serious nature and one which requires immediate and skilled treatment, usually in the hospital.

Q—I have read about a pill which can be taken internally which prevents sunburn. Would you say something about this?—B. K. M.

A—There is a pill which has been employed for this purpose. But when used at all, it has to be taken with considerable caution. For myself, I should try to prevent sunburn by only gradual exposure and nature's method of protection with the pigment of tanning.

Q—Please do not tell me to see my doctor — I prefer your advice. I am 73 years old and have shortness of breath on the least exertion. I feel sure you can tell me what to do. — Mrs. X.

A—Dear Mrs. X: I appreciate your confidence and wish I could follow your request. However, shortness of breath on exertion may be a sign of serious heart disease or something else and it is quite impossible to give advice or prescribe medicine for a condition of this sort at a distance, even if the law permitted it, which it does not. For the sake of your own health and comfort, therefore, I shall have to advise what you ask me not to — namely, see your own doctor.

Q—Please say something about muscular atrophy. Is this the same as cancer? — Reader.

A—There are several kinds of muscular atrophy, but none of them is considered the same as cancer. Probably the most important kind of muscular atrophy is that which results from a slow degeneration of some of the cells in the spinal cord and produces a wasting of the muscles without loss of sensation. This is found most often between

But the U.N. has not even considered sanctions against a big power — Russia — which ignored the U.N. demand that it get out of Hungary.

Israel not only is a friend of the United States, which helped create it, but has a lot of friends in this country, including members of Congress, who oppose sanctions against it.

But if the United States refuses to vote sanctions against Israel, it would antagonize the Arabs at the moment the administration is trying to win them over with Eisenhower's program.

In the hope of avoiding such a showdown, Dulles asked Israel to pull back its troops. But Israel refused Dulles just as it had refused the U.N.

Now the squeeze is on. The Democratic Policy Committee in the Senate voted unanimously yesterday against sanctions on Israel. And Eisenhower's own Republican Senate leader, William Knowland of California, has come out flatly against sanctions.

Dulles will now have to talk his way out of this one, or get in deeper.

#### Senate Group

### Lists Suggested Changes In Aid

WASHINGTON — The Senate Foreign Relations Committee today made public a series of suggestions it has received for foreign aid changes — including United Nations loans for Jordan and Israel.

The suggestions were contained in a report by Hamilton Fish Armstrong, editor of the magazine Foreign Affairs, who conducted a first-hand survey for the committee in Lebanon, Jordan and Iraq. They included:

1. A 10-year U.N. loan to Israel, supported largely by a United States contribution, to replace the direct aid now received from the U.S. government, this loan to be made on specific conditions regarding frontiers and refugees.

2. United Nations financing of "a return of some considerable number of the Palestinian refugees from Jordan to areas in Israel not fully settled."

3. A 10-year U.N. loan to Jordan, to be supported largely by a U.S. contribution, "to finance its economic development and provide for its internal security on the condition that the remainder of the refugees in Jordan become the charge of the Jordanian government and merged into the local social economy."

He recommended cooperative schemes of regional development with participation possibly limited to Arab states which "agree to live on acceptable terms with Israel."

## Device For Buying Time

### Skirting Tactics Used To Bring Middle East Peace

By Joseph A. Dear

WASHINGTON — Surely one of the oddest things about the debate touched off by President Eisenhower's plan for the Middle East is that peripheral issues are receiving most of the attention.

The constitutional question — whether Congress would compromise its powers and those of the President by enacting the original resolution — has been debated at length. It certainly is not the only question.

What about the long range implications of the President's plan? Does his plan get at the root of the dangers in the Middle East? Senator J. William Fulbright (D-Ark.), the Foreign Relations Committee strong man, has alluded to these questions in passing, and no one else has spoken of them at all.

"Witness after witness," Fulbright notes, "has testified that peace between Israel and her neighbors is indispensable to stability and progress in this area (the Middle East)." The instability

Russia is exploiting results from Arab-Israeli hostility.

The obvious intent of the Eisenhower plan is to thwart Russian designs in the Middle East. The plan is not a specific that will insure harmony in the Middle East. It is a device for buying time.

The idea is to keep the Russians out while American diplomacy attempts to reduce Arab-Israeli hostility. A better relationship between Israel and her neighbors would more effectively thwart Russian designs than any resolution Congress could enact.

It is quite proper, therefore, that the Senators should examine American diplomacy in the Middle East. It is the impression of several very influential Senators that present policy envisions nothing more than continuing the status quo in hopes that something better will turn up tomorrow.

The present atmosphere of the Middle East is more than unsatisfactory, according to several thoughtful Senators. It is positively dangerous, and vital national interests are distinctly threatened. In the last analysis, that is the heart of the case against Secretary of State Dulles.

The logical extension of this argument is that every effort of the United States to shore up the status quo is an effort that puts the country deeper in the hole. The deal made with King Saud illustrates this point.

Saud, who gets between \$200 million and \$300 million oil revenues yearly, nevertheless came here looking for money. He got what he was after. He will receive about \$50 million of military equipment from us for the next several years. (We got the right to lease the big air base we built for him.)

As a sop to the Israelis, we announced that Saud only sought and would only get arms to strengthen his police force. But we have agreed to ship him modern jet fighters. No one, least of all an Israeli, will find it easy to believe that the Saudis want those jets for their police force.

Thus the shipment of arms to Saud will exacerbate the very tensions American diplomacy hopes to reduce. The agreement with Saud increased Israeli reluctance to withdraw from Egyptian positions on the Gulf of Aqaba. And if the Israelis do withdraw, it will be with misgivings.

(Incidentally, the Saudis "loaned" Egypt two islands in the Gulf of Aqaba. Fortification of these islands gave control of the Gulf to the Egyptians, and facilitated their blockade of the Israeli port of Aqaba. In this connection, it is interesting to note the latest reports from Cairo hint that Col. Nasser hopes the "big powers" will permit a continuation of the Aqaba blockade in return for concessions with respect to Suez Canal tolls.)

## Hold Closed Meet on Rockets, Earth Satellites

SAN DIEGO, Calif. — The men who are leading America's drive toward space flight met behind closed doors today to consider the military aspects of earth satellites and moon rockets.

Only persons who had been cleared for secret information were admitted to the final meetings of a three-day space symposium jointly conducted by the Air Force Office of Scientific Research and the Convair Division of General Dynamics Corp., builder of the Atlas ballistic missile.

Col. William O. Davis, OSR deputy commander for operations, listed the "military requirements for manned space vehicles."

Some of these military requirements were outlined publicly last night at a dinner meeting of the 500 delegates to the symposium, by Maj. Gen. Bernard A. Schriever, commander of the Western Development Division of the Air Force Research and Development Command.

"In the long haul our safety as a nation may depend upon our achieving 'space superiority,'" Schriever said.

"Several decades from now the important battles may not be sea battles or air battles, but space battles."

# Smithton, Hubbard and Jamestown Capture Wins in Regional Tourney

## Enter Quarter-final Berths With Victories Tuesday Nite In Smithton Class 'S' Event

Three more teams entered the quarter-finals stage of the State Class "S" Regional basketball tournament at Smithton Tuesday night with Smithton, Hubbard and Jamestown hauling down victories. Other teams already in the second round are Green Ridge, Deepwater and Lincoln.

trick in simple fashion, compiling an early lead and continuing to dominate the scoring to chalk up a 68-39 decision over Cross Timbers in the evening opener.

Cross Timbers boasted the top individual scorer, Bake, who dumped in 28 points for the losers.

## Score Leaders Keep Slipping In Average

The Associated Press

Maybe the best way to win the individual scoring championship in major college basketball this season is to break a leg, the idea being to sit out the rest of the schedule content with present averages.

Every time the contenders take a crack at upping the ante, it seems they slip a bit.

Last night, for instance, South Carolina's Grady Wallace scored only a so-so 27 points in an 85-77 victory over Furman which sliced .16 of a point off his nation-leading average. He's still top man with 30.41 for 22 games, but he was 30.57 in 21.

The night before, Wilt Chamberlain of Kansas had a chance for the lead, but skidded from second to fifth with only 11 points. Last Saturday, Columbia's Chet Forte missed the boat with only 19 and slipped from second to third.

That leaves Mississippi's Joe Gibbon and Seattle's Elgin Baylor as the only contenders to move up on their own of late.

At the moment, Forte is No. Two with a 29.56 average going into tonight's game against Yale. Then comes Gibbon at 29.33, Baylor at 29.13 and Chamberlain at 29.00 in what Homer Cooke, head man of NCAA Statistics Bureau, terms the closest race in memory.

Not all "races" are races this season, however. Unbeaten and top-ranked North Carolina, for example, clinched first place in the Atlantic Coast Conference standings with its 21st victory, drubbing erstwhile champ North Carolina State 86-57.

West Virginia accomplished the same result in the Southern Conference, although idle last night. Virginia Tech killed Washington & Lee's chances 54-46.

Connecticut became the first entry in the NCAA's University Division tournament by pouring in 18 points in the last three minutes to beat Massachusetts 90-77 for the Uconn's ninth Yankee Conference title in 10 years.

Elsewhere, sixth-ranked Southern Methodist, with Bobby Mills scoring 21 and Jim Krebs 20, whipped Texas A&M 71-55 to set up a showdown game with Rice for the Southwest Conference crown and NCAA berth Saturday night. Rice, the runner-up, stayed alive by defeating Arkansas 82-69.

Tonight's schedule will bring together Bunceton vs. Calhoun at 6:30, and Sedalia's Sacred Heart vs. LaMonte at 8 o'clock to complete first round play. Green Ridge will vie with Deepwater in the first quarter-finals match at 9:30.

The fight will be broadcast and telecast nationally (NBC).

Basilio said he has had no trouble with his right hand which was too bruised and painful for the originally scheduled fight Jan. 18.

"I feel even sharper now than I did back there in mid-January," he said.

Saxton has said he's going to out-box Basilio as he did when he beat the champ in their first meeting in Chicago last March.

He said he wasn't going to attempt to out-slug Basilio which he did when he was knocked out in the ninth round at Syracuse in September.

High Gate Receipts Seen for Welter Title Bout Friday

CLEVELAND (AP) — A gate of more than \$100,000 is expected when Carmen Basilio defends his welterweight title against Johnny Saxton here Friday night, according to matchmaker Larry Atkins.

"That will be the biggest gate we have seen since Max Schmeling and W. L. Stribling Jr., fought for the heavyweight championship before a \$349,419 house at Municipal Stadium in 1931," Atkins said.

The fight will be broadcast and telecast nationally (NBC).

Basilio said he has had no trouble with his right hand which was too bruised and painful for the originally scheduled fight Jan. 18.

"I feel even sharper now than I did back there in mid-January," he said.

Saxton has said he's going to out-box Basilio as he did when he beat the champ in their first meeting in Chicago last March.

He said he wasn't going to attempt to out-slug Basilio which he did when he was knocked out in the ninth round at Syracuse in September.

## Bowling

The past weekend the Sedalia Bowling Lanes was the scene of the Women's City Championships. Secretary Ruth Johnson has checked all the scores and the winners have been announced.

The doubles champions are Celeste McCulley and Gerry Hayes, who put their bowling skills together and came up with the high total for the second time. They were champions of the 1955-56 tournament also. The champions bowled an amazing 1192 score, 102 pins more than the second place team, Norma Bechtel and Joan Barklage took second place honors with a 1090 score. Third place went to Katherine Keller and Margaret Buecke with 1058. Catherine and Bernice Summers took fourth place with 1055 while Dot Daniels and Ethel Walton came in fifth with a 1054 score.

The Singles Champion is Pat Glover, who bowled a tremendous score of 644, which was 67 pins higher than anyone else in this event. Pat put together games of 152, 216 and 168, plus 108 handicap to annex the championship. Lillian Hamlin with 577 took second place honors, Fanny Anderson was third with 562, Emilie Brunjes fourth with 556 and Bertha Cairer fifth with 547.

The All-Events title (total of nine games bowled) also went to Pat Glover as did the All-Events with handicaps added division. Pat had a total of 1402 in the scratch division and 1726 with handicap added, to take both crowns in the All-Events.

In the scratch division Sharlene McMullin came in for second place honors with 1357, while Carrie Campeau, Lela Norton and Emilie Brunjes came in third, fourth and fifth, respectively.

In the All-Events with handicap added Emilie Brunjes took second honors behind Pat Glover, with 1623, Ruth Campbell took third with 1603, Effie Mosier, fourth with 1595 and Norma Bechtel, fifth with 1590.

High game of the tournament was Pat Glover's 216, while Sharlene McMullin shot a 201, good for second place.

This year's tournament was handled by City Association Secretary Ruth Johnson, who deserves a big hand for the splendid way in which the tournament was conducted.

Many thanks to the Sedalia Merchants and sponsors who contributed valuable merchandise awards to help make the tournament a success. Trophies and merchandise awards will be presented at the annual Bowling Banquet which will be held in March.

## 11 Are Named To Football Hall Of Fame Roster

NEW BRUNSWICK, N. J. (AP) — The relatively new National Football Hall of Fame had 110 former players and officials representing 57 colleges on its membership list today after the addition of eleven new names by its Honors Court.

Among the team-full of onetime gridiron talent announced by the selectors yesterday is movie cowboy Johnny Mack Brown, who starred as a halfback in Alabama's 20-19 Rose Bowl victory over Washington in 1929.

Others added to the hall, located on the Rutgers University campus here, were Ken Strong of New York University, George Plann of Cornell, Erny Pinkert of Southern California, the late Marshall Newell of Harvard, the late Hunter Carpenter of Virginia Tech, Peter Maute of Penn State, Ira (Buck) Rodgers of West Virginia, William Corbus of Stanford, J. A. C. Weller of Princeton, and Dick Wildung of Minnesota.

Elections to the hall began in 1951 on the basis of voting by the organization's membership, recommendations by coaches, athletic directors, fellow players and sports writers, and nominations to All-American teams. To be eligible, a player must have been graduated from his college for at least 10 years.

The A's were quite happy with the deal. Both President Arnold Johnson and Manager Lou Boudreau feel they have strengthened their infield with Hunter, 28, and Graff, 26, and now have a suitable pitching staff with McDermott, a 28-year-old southpaw who was 2-6 in '56; Coleman, 25, a 3-5 right-hander; and Morgan, a 26-year-old right-handed reliever who was 6-7.

Noren, if he signs, could give the A's needed left-handed bat power in the outfield, said Boudreau, or at first base.

It was the second big trade of the winter for the A's, who also acquired outfielder Bob Cerv from the Yankees last October. Last December the A's received Belardi and pitchers Ned Garver, Virgil Trucks and Gene Host from Detroit in return for infielder Jim Frazier, first baseman Ed Robinson, pitcher Jack Crimian and cash, plus sending pitcher Bill Harrington to a Tiger farm.

Tired after the grueling two hour and 20 minute match and the doubles that followed it, Ken was the quietest man in the dressing room. The victory, following defeats in New York and Dallas, left him trailing Gonzales 9-5 in the series that started in Australia, where Rosewall made his pro debut.

Seven times Gonzales had his smaller opponent at match point in that third set, but just as many times the backhanding Aussie got out of it.

## TV Sponsor Is Respected And Feared

By CHARLES MERCER

NEW YORK (AP)—The sponsor of a television program is at once the most respected and feared, sought after and belabored, of the thousands involved in the TV industry. But to the millions of viewers he's an unknown. So let's talk to a sponsor.

Our subject's name is George L. Schultz and he is the president of a firm which manufactures toiletries. At his direction his firm is spending \$250,000 to sponsor half of the CBS-TV production of "Cinderella" on March 31.

"Cinderella," a modern musical adaptation of the nursery tale, should be quite a show. For one thing it stars Julie Andrews of "My Fair Lady." For another, it will have original music by Richard Rodgers and Oscar Hammerstein. Also, pleasant to record, a relatively unknown performer, John Cypher, will co-star with Miss Andrews.

Whatever the outcome of the show, it sounds like superior TV programming. We wouldn't see it under the ground rules of commercial television unless someone—meaning, usually, a sponsor—puts up money. Why, then, was Schultz willing to put up \$250,000 of his firm's money to sponsor half of the hour and a half program?

"We take the attitude," says Schultz, "that we have a quality product and we want to present it with a quality program. By a quality program we mean something different from the run-of-the-mill TV show. An example is See It Now (CBS-TV). In December 1955 we sponsored our first See It Now program. From that show we received a wonderful public response. By that I mean it had a real effect on sales of our product."

Dealing directly with CBS, instead of through an agency, the firm never has attempted to interfere with the content or format of a program, Schultz says, adding:

"Our relations with CBS have been most cordial. We feel that they know what they're doing over there. In the case of 'Cinderella,' for instance, I have not personally read the script. It's been read by our representatives, of course."

He smiled slowly. "It seems to me it would be pretty presumptuous of us to try to tell Rodgers and Hammerstein their business."

This, let us add, is not the attitude of many television sponsors—according to some of the people employed on their shows.

### Enjoys Retirement

WADENA, Sask. (AP)—Rosie, 31-year-old Clydesdale, doesn't have to work like a horse any more. After years of work in the fields and carrying children to school, Rosie now is the household pet on the Walbridge Peterson farm near here, just eating and sleeping with an occasional run around the barnyard.

**DISTRICT MANAGER**—Richard J. Wegner has been appointed district manager for the Moberly district of the Southwestern Bell Telephone Co., J. N. Chapin, division manager, announced today. Wegner replaces John Parsons, who has been transferred to St. Louis. Wegner, a native of St. Louis, is a graduate of the University of Missouri. His career with the telephone company started in St. Louis. In 1955 he was appointed manager at Chillicothe, moving from there to a unit manager job in Kansas City. The appointment as district manager is effective Feb. 1, Chapin said. Wegner, his wife and 2-year-old daughter will make their home at the district headquarters in Moberly.

## Actor Tells Of Changed Hollywood

By BOB THOMAS

HOLLYWOOD (AP)—Has Hollywood changed? Listen to Oscar Homolka if you don't think so.

The distinguished character actor is back in the movie town for his first stay in almost 10 years. "I would hardly recognize the place," he commented.

How so? He explained:

"When I first arrived here in 1937, the red carpet treatment was the big thing. I was borrowed from Gaumont-British to make a picture for Paramount, 'Ebb Tide.' When I got to New York, I was put up in a monstrous place in the Waldorf Towers. Then one of the studio people decided it wasn't big enough, and they got me a bigger place.

"They had a press reception for me with 500 people. And I got the same treatment when I went to Hollywood. It was fabulous."

That sort of lavishness is gone today, he observed, along with some other things.

"Hollywood lacks the stars that it had in those days," he sighed. "I mean the fabulous stars of the Garbo era. Today there is no mystery, no excitement about the stars. There is too much emphasis on domesticity."

"Take the example of the Lucille Ball baby. When she had it, the

## Republican Club Holds Meet at Hotel

The Republican Club held a meeting at the Bothwell Hotel recently with 50 members present. Mrs. Cleo Schumaker, vice president, presided in the absence of Carl Meyer, president.

Mrs. Herb Studer discussed the recent inaugural in Washington. After the social hour, Earl Crawford conducted a forum on election laws.

whole world was in on it. Where is the glamor?"

Gone, he added, are the parties of yesteryear—the fun affairs where stars could kick off their shoes and enjoy themselves.

"Nowadays there seem to be big parties or none at all," he said. "And none of the guests seem to enjoy themselves. They are too busy looking around to see who is there."

He remarked that there appeared to be a new kind of Hollywoodian these days, the arty type that used to hang around Greenwich Village.

Homolka is here to do a couple of Matinee Theater shows on NBC—an Ibsen and a Tennessee Williams.

## Green Ridge PTA Sponsors Polio Clinic

The Green Ridge PTA held its regular meeting Feb. 13, at the school gym. Mrs. Loy Smith opened the meeting with group singing.

Preceding the business meeting a number of "Tumbling Acts" were presented by the physical education boys. Harvey Wadleigh is instructor. Mrs. Vernon Arnett was in charge of the devotional period. Room eight received the potted plant for room count.

One hundred seventy six persons were administered the Salk vaccine by Dr. Thurber of Windsor, at the Polio Clinic sponsored by the Green Ridge PTA Feb. 13.

The budget chairman, Mrs. Earl Hinken announced that a Mystery sale will be conducted at the March meeting, also that a food sale would be held the latter part of March. The following nominating committee was appointed: Harvey Wadleigh, Mrs. Melvin Ray and Mrs. Clarence Mahin.

A film "A State, A People, and Their Schools," was shown. A Hand shaking game was enjoyed of which Mrs. Vernon Arnett was the winner. Refreshments were enjoyed.

## About Town

Dr. and Mrs. Charles D. Osborne, 710 West Broadway, who since the early part of December have been in the south and down to the Gulf of Mexico, have returned home.

## Boicourt Gives Best Talk at Toastmasters

The Toastmasters Club, No. 1651, met Friday, Feb. 15, presided over by Lewis McCammon, president.

Table topics master was Norm Bilyeu, and toastmaster for the evening was Bob Hausam.

Speakers of the evening were Gene Spahr whose subject was "Water Revenue Bonds", evaluated by Bill Stevens; Tom Boicourt, whose topic was "Lines", evaluated by Jay Short; Don Lamm, Jr., who talked on "The Natural Superiority of Men", evaluated by Bill Stevens; and Tom Sawyer, whose talk was "Comments on Toastmaster Program," evaluated by Bob Lindstrom.

General evaluator was Bob Lindstrom. The best speech of the evening was given by Tom Boicourt, and the best table topics were given by Don Lamm, Jr., and dictionary master, Norman Hawden.

## Special PTA Program For Founder's Day

Hubbard PTA held their monthly meeting Feb. 11. Following the short business session Mrs. Carl Abbot, chairman of the Founder's Day program presented the following program: invocation, Rev. Gillum, song by Hubbard Chorus; solo by Mrs. Erickson; object of the PTA, Mrs. Evelyn Cox; solo, B. B. Cox; address, Mrs. Ollie Lindsey; offering selection by Quinn Chapel quartet and benediction by Rev. Erickson. Mrs. Mary Alexander was master of ceremonies. Refreshments were served.

Comedian Steve Allen sometimes preaches a sermon in the Universalist Church. Very religious, he once wrote a song called "Let's Go To Church Next Sunday Morning."

**2 Big Features**

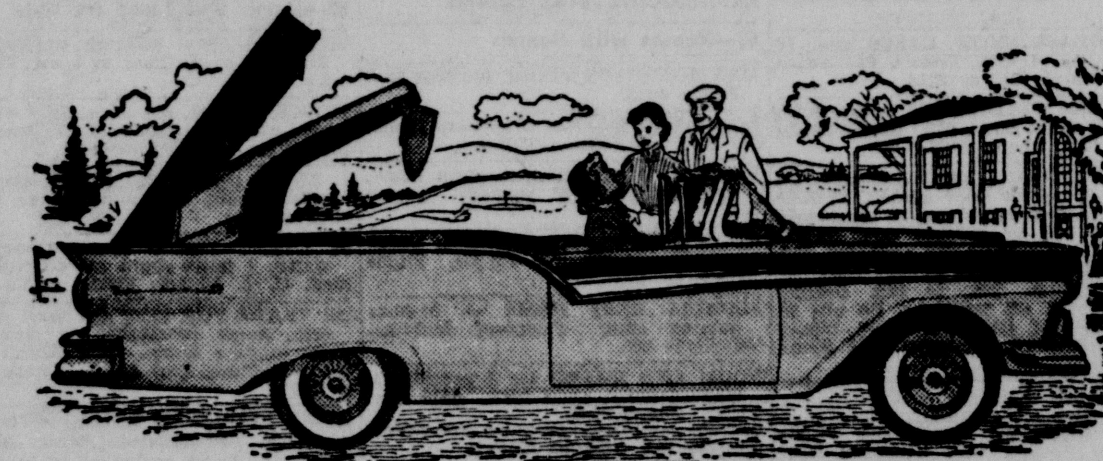

▲ Clues: (a) Advanced new Variable Pitch Dynamometer ... 300 h.p. V-8 engine with 10 to 1 compression ratio ... new low-sweep silhouette.

▼ Clues: (b) New Push-Button TorqueFlite Transmission ... Super Red Ram V-8 engine with up to 310 h.p. ... Torsion-Aire Suspension ... Swept-Wing Beauty ... advanced Flight-Sweep Styling.

Big Clue: New cars—all cars—need the Oil-Plating protection of...

# CONOCO all-season Super Motor Oil

▲ Clues: (c) An all-steel hardtop that's an exciting convertible, too ... most important body advancement since the first closed car ... known everywhere as "The car of the future!"

▼ Clues: (d) New 255 h.p. V-8 engine ... Triple-Safe Brakes ... stronger Single-Unit Construction ... Airliner Reclining Seats ... Flashaway Hydramatic Drive.

Conoco all-season Super ensures full-time protection against both friction and corrosion. Oil-Plating, Conoco's own discovery, "plates" a tough film of lubricant onto the entire engine. It never drains down...even overnight. Result? Faster, friction-free starts, as much as 80% less engine wear.

### Automatic Warm-Up!

Even a good premium oil stays "thick" for the first 5-8 minutes, causing engine "drag", carbon formation, and extra fuel consumption. But—with Conoco all-season Super, warm-up's automatic ... the second you start. You save up to 3¢ a gallon on gasoline, get Oil-Plating protection 24 hours a day!

Ask your friendly Conoco Dealer for the oil in the can with the Gold Band! Quiz Answers: (a) Buick Century 2-Door Riviera (b) Dodge Royal Lancer 2-Door (c) Ford Retractable Hardtop (d) Hudson Hollywood Hardtop.

Makes a powerful difference in your car's performance ... regardless of make or year!

Driving Blind  
COEUR D'ALENE, Idaho —  
A. L. Wycoff of Spokane, Wash.,  
rounded the corner of a building,  
drove up a slight grade, suddenly  
saw the nose of his car drop sev-

eral feet with a spine-jarring crash.  
He'd driven up the loading ramp  
of a building supply company while  
trying to find his bearings in the  
2 a.m. darkness. His car landed  
with its front wheels on the ground,

its rear ones still on the loading  
ramp.  
Police called a wrecker and help-  
ed Wycoff get his car back to  
earth.

So Sorry  
RACINE, Wis. (AP)—Larry Lowe of Racine, back from a trip to the Far East, received by mail some important papers that had been in a wallet which was either lost or stolen in Hong Kong.  
This letter accompanied the papers:  
"Dear Mr. Lowe: Me very sorry me find you wallet in street. Me feel very sorry to not return your wallet, so me take you wallet and you money, and return you important things. Hope no get angry to me."  
"Me very poor man. Me need money for food. After all, what is US \$9 for you?"  
"You papers is worth more, so me say again no get angry to me."  
Good Bye,  
A FRIEND  
"P.S. This is Christmas gift from me."  
Negritos are a tribe with yellowish skin who live in the African Congo.

## In Library Reading Room

Several New Books Added  
To Garden Club Center

The growing season is near and for those people of Sedalia who are interested in horticulture or arrangements the Garden Center committee of the Sedalia Garden Clubs would like to call attention again to the Garden Club Center which is located in the reading room of the public library.

Several new books have been

added. One is "Gardens Are For People" by Thomas D. Church, in which the author takes the readers on a tour of gardens he has designed in the last 17 years. This book contains over 600 illustrations, many in full color. A very worthwhile book for those interested in outdoor living. This book has been placed on the Garden Center shelf by Mrs. J. W. Boger and Garden Club No. 2.

Another interesting book "Birds of America" which is a complete and authoritative book on birds of North America, contains in addition to hundreds of photographs and line drawings, 106 full page color plates by Louis Fuertes and five pages of reproductions of eggs in natural color and size. This book was donated by Club 8.

For those interested in arranging contemporary flower arrangements Rae L. Goodson, which covers design and technique in modern methods with text and 103 arrangements should prove a most interesting and worthwhile book.

"Fruit and Vegetable Arrangements" by Emma Cyphers has 100 original black and white photographs and three full color plates. This is the work of America's most gifted arrangers and is the only book devoted exclusively to decorations featuring fruit and vegetables alone or combined with flowers, foliage and driftwood.

Those two books have been placed on the Garden Center Shelf by the Council of Sedalia Garden Clubs and the Garden Clubs.

Mrs. M. F. Clyde of Marshall, one time district director and now state book chairman, has donated "Western Flower Arrangements" by Carl Starker. This book has a wealth of suggestions on how to make flower arrangements that will be pleasing to even the most discriminating.

For those people who have garden problems there is, of course, at the Garden Center, that valuable book, "10,000 Garden Questions" by F. F. Rockwell, "The Woman's Home Companion Garden Book" by John C. Wister and "The Pruning Book" by G. L. Wittroek. There are books on landscaping and growing annuals in addition to many books on arranging.

The books at the Garden Center are put there for the use of the public, but are not to be checked out. The reason for this is so that anyone wanting information may find it there any time they go to the library and will not have the disappointment of having the books checked out at a time they are in need of some particular answers to questions. They may use the books in the reading room of the library as long as they like.

Store Owners  
Hold Zone  
Meeting Here

A group of 14 Ben Franklin store owners and their wives are attending a zone meeting and dinner at the Bothwell Hotel today for the purpose of discussing variety store operating techniques and merchandising ideas.

J. J. Sagar, Ben Franklin zone superintendent for this area, is conducting the meeting and will be assisted by R. I. Sheets, St. Louis district manager, and E. Cole, district supervisor, who are attending the Sedalia meeting.

These zone meetings are sponsored annually by Butler Brothers who serve the merchandise and promotional needs of over 2,400 independently owned Ben Franklin stores operating in every one of the 48 states, Alaska and Hawaii. According to J. J. Sagar this is one of 183 such meetings being held throughout the United States during the next 30 days for the purpose of bringing together the more than 2,400 Ben Franklin store owners.

The meetings serve as a clearing house for the exchange of modern retailing ideas and considerable time is spent in discussing better, more efficient ways to serve America's buying public. Today's meeting will also include a film showing of Ben Franklin stores taken in 11 states across the United States, plus a filmed address by A. O. Steffy, president of Butler Brothers.

The Ben Franklin store owners in attendance for this year's meeting are:

Mr. and Mrs. C. Gentges, Sedalia; Mr. and Mrs. L. Lemen, California; Mr. and Mrs. C. Harms, Fayette; Mr. and Mrs. B. Walton, Versailles; Mr. and Mrs. E. Ford, Eldon; Mr. and Mrs. B. Thompson, Camdenton; Mr. and Mrs. B. Warren, Richland; Mr. and Mrs. S. Brinneman, Lebanon; Mrs. E. Engel, Buffalo; Mr. and Mrs. R. Eidson, Bolivar; Mr. and Mrs. D. Eberting, Clinton; Mr. R. Curtis, Eldorado Springs; Mr. and Mrs. G. Saxton, Windsor; and Mr. and Mrs. E. Senn, Warsaw.

Sedalian Is Candidate  
To Reign Over Prom

James L. Dent, Sedalia, is a candidate for St. Pat to reign over the St. Pat's Prom at Kansas State College, Manhattan, Kan., the prom will be March 16 as the final event of the annual Engineers' Open House.

Fourteen candidates, seven men and seven women (to vie for St. Patricia) were nominated by the departments in the School of Engineering and Architecture at K-State. Dent is a candidate of the architecture department. He is a second year student majoring in architecture at K-State.

Dent, the son of Mr. and Mrs. LeRoy E. Dent, 152 Autumn, is a member of the student chapter of the American Institute of Architects, and holds an athletic scholarship at K-State where he plays varsity football. He is a transfer student from Missouri University. Identity of St. Pat and St. Patricia will be announced March 8.
